### **NEW QUESTION # 258**

Which is shown in a product breakdown structure?

- A. What resources are required to develop the products
- B. In which order the products should be created
- C. Management stages, major products and control points
- D. The major products that are to be developed in a plan

**Answer: D**

Explanation:

A product breakdown structure (PBS) in PRINCE2 is a hierarchical decomposition of the major products that are to be developed in a project. It helps in visualizing all the products (deliverables) that are required for the project, ensuring that all products are identified and nothing is overlooked. The PBS does not indicate the order of product creation, resource requirements, or control points, but strictly the products needed.
