

312-49v11 Latest Real Exam, Interactive 312-49v11 EBook

CERTIFICATION TEST

P.S. Free & New 312-49v11 dumps are available on Google Drive shared by ITExamSimulator: https://drive.google.com/open?id=1mo8KzngVCiNBOFpJgyr_FI4nBrmeNa

Obtaining the 312-49v11 certificate will make your colleagues and supervisors stand out for you, because it represents 312-49v11 your professional skills. At the same time, it will also give you more opportunities for promotion and job-hopping. The 312-49v11 latest exam dumps have different classifications for different qualification examinations, which can enable students to choose their own learning mode for themselves according to the actual needs of users. The 312-49v11 Exam Question offer a variety of learning modes for users to choose from, which can be used for multiple clients of computers and mobile phones to study online, as well as to print and print data for offline consolidation.

ITExamSimulator is so popular for the reason that our 312-49v11 exam preparations are infallible to offer help and we will offer incessant help. On one hand, all content of our 312-49v11 study materials can radically give you the best backup to make progress. All related updates of the 312-49v11 learning guide will be sent to your mailbox. In a sense, our 312-49v11 training questions are classy and can broaden your preview potentially.

Learn About Exam Pattern With 312-49v11 PDF Dumps

The EC-COUNCIL 312-49v11 exam questions are being updated on a regular basis. As you know the 312-49v11 exam syllabus is being updated on a regular basis. To add all these changes in the 312-49v11 exam dumps we have hired a team of exam experts. They regularly update the EC-COUNCIL 312-49v11 Practice Questions as per the latest EC-COUNCIL 312-49v11 exam syllabus. So you have the option to get free 312-49v11 exam questions update for up to 1 year from the date of EC-COUNCIL 312-49v11 PDF dumps purchase.

EC-COUNCIL Computer Hacking Forensic Investigator (CHFI-v11) Sample Questions (Q97-Q102):

NEW QUESTION # 97

What type of file is represented by a colon (:) with a name following it in the Master File Table (MFT) of an NTFS disk?

- A. Encrypted file
- B. Compressed file
- C. Data stream file
- D. Reserved file

Answer: C

NEW QUESTION # 98

LBA (Logical Block Address) addresses data by allotting a _____ to each sector of the hard disk.

- A. Operating system number
- B. Sector number
- C. Index number
- **D. Sequential number**

Answer: D

NEW QUESTION # 99

Scarlett, a compliance officer, is working for a publicly traded company that has recently faced accusations of financial misconduct. During her investigation, she comes across a law passed by the U.S.

Congress in 2002 aimed at protecting investors from fraudulent accounting practices by corporations.

This law mandates stricter corporate financial reporting standards, internal controls, and penalties for fraudulent activities.

Which of the following laws is Scarlett most likely reviewing in this case?

- **A. SOX**
- B. PCI DSS
- C. ECPA
- D. GLBA

Answer: A

Explanation:

This question directly aligns with CHFI v11 objectives under Regulations, Policies, and Ethics, particularly laws that influence forensic investigations and corporate compliance. The law described is the Sarbanes-Oxley Act (SOX), enacted in 2002 in response to major corporate accounting scandals such as Enron and WorldCom. CHFI v11 highlights SOX as a critical regulation governing publicly traded companies in the United States.

SOX mandates strict requirements for corporate financial reporting, internal control assessments, executive accountability, audit independence, and record retention. Sections such as SOX Section 302 require executives to personally certify the accuracy of financial statements, while Section 404 enforces internal control audits to prevent fraud. These requirements are highly relevant in forensic investigations involving financial misconduct, as investigators often rely on audit logs, financial records, and compliance documentation governed by SOX.

The other options are incorrect: PCI DSS applies to payment card data security, GLBA governs customer financial data privacy, and ECPA addresses electronic communications privacy. Therefore, consistent with CHFI v11 legal frameworks and compliance objectives, the correct law Scarlett is reviewing is SOX (Sarbanes-Oxley Act).

NEW QUESTION # 100

An investigator is examining a hard disk and finds a large amount of unused space between two partitions. This space contains hidden data not recognized by the operating system.

Which of the following methods can be used to access this hidden data during a forensic investigation?

- **A. Using disk editor tools to examine the inter-partition gap**
- B. Running a disk cleanup utility
- C. Reformatting the disk to remove the hidden data
- D. Performing a full disk backup

Answer: A

Explanation:

This scenario aligns with CHFI v11 objectives under Anti-Forensics Techniques and Disk and File System Analysis. Attackers and sophisticated users may intentionally hide data in areas of a disk that are not addressed by the operating system, such as inter-partition gaps, slack space, or unallocated space. These techniques are commonly used as anti-forensic methods to conceal illicit data from standard file system views and basic forensic tools.

CHFI v11 emphasizes that such hidden data cannot be accessed through normal OS utilities, disk cleanup tools, or backups that rely on file system structures. Instead, forensic investigators must use disk editor tools or low-level forensic utilities that allow direct sector-by-sector examination of the storage media. Disk editors enable investigators to view raw hexadecimal data, inspect unallocated areas, analyze partition tables, and uncover hidden or deliberately concealed content stored outside recognized partitions.

Reformatting or cleaning the disk would destroy potential evidence and violate forensic principles, while full disk backups alone do not inherently reveal hidden inter-partition data without further low-level analysis.

Therefore, consistent with CHFI v11 best practices for uncovering hidden data and countering anti-forensic techniques, using disk editor tools to examine the inter-partition gap is the correct and forensically sound approach.

NEW QUESTION # 101

An Expert witness gives an opinion if:

- A. To define the issues of the case for determination by the finder of fact
- B. To deter the witness from expanding the scope of his or her investigation beyond the requirements of the case
- C. The Opinion, inferences or conclusions depend on special knowledge, skill or training not within the ordinary experience of lay jurors
- D. To stimulate discussion between the consulting expert and the expert witness

Answer: C

NEW QUESTION # 102

.....

Because EC-COUNCIL 312-49v11 exam is concerning the future and the destiny of IT people, they pay more attention to the certification. When you decide to choosing IT industry, you have proved your ability. However, what we learn is not enough at all. EC-COUNCIL 312-49v11 Certification will be a big challenge for the candidates. If you decide to join our ITExamSimulator, we guarantee your success in the first attempt. If you fail, FULL REFUND!
