Israel Defense Forces
@IDF

Following the completion of an initial examination regarding a photograph published earlier today of an IDF soldier harming a Christian symbol, it was determined that the photograph depicts an IDF soldier operating in southern Lebanon.

The IDF views the incident with great severity and emphasizes that the soldier's conduct is wholly inconsistent with the values expected of its troops.

The incident is being investigated by the Northern Command and is currently being addressed through the chain of command. Appropriate measures will be taken against those involved in accordance with the findings.

Furthermore, the IDF is working to assist the community in restoring the statue to its place.

The IDF is operating to dismantle the terrorist infrastructure established by Hezbollah in southern Lebanon, and has no intention of harming civilian infrastructure, including religious buildings or religious symbols.
