Answer: A,C

NEW QUESTION # 45
A nonprofit organization created a custom Opportunity name for all organization donations.
Which two considerations should the consultant discuss with the organization? Choose 2 answers

- A. The organization should only change existing Opportunities to the new naming convention by using the "Refresh Name" action.
- B. The custom naming convention only applies to new Opportunities of matching record types; it is not retroactive.
- C. The organization should change existing Opportunities to the new naming convention by using the "Refresh All Opportunity Names" button in Bulk Data Processes.
- D. The organization should change existing Opportunities to the new naming convention through an upsert.

Answer: A,C

Explanation:
When a nonprofit organization creates a custom Opportunity name for all organization donations, the consultant should discuss the following considerations:
Using the "Refresh Name" Action (B):
The organization should use the "Refresh Name" action to change existing Opportunities to the new naming convention. This action ensures that the custom naming convention is applied correctly.
Navigate to the Opportunity record.
Click on the "Refresh Name" button to update the Opportunity name according to the new naming convention.
Using the "Refresh All Opportunity Names" Button in Bulk Data Processes (C):
For bulk updates, the organization should use the "Refresh All Opportunity Names" button available in Bulk Data Processes.
Go to NPSP Settings.
Under Bulk Data Processes, find the "Refresh All Opportunity Names" button.
Click on it to update all existing Opportunities to the new naming convention in bulk.
These methods ensure that the custom naming convention is applied consistently across all existing Opportunity records, maintaining

data integrity and consistency within the Salesforce org.
