## IIBA Entry Certificate in Business Analysis (ECBA) Sample Questions (Q150-Q155):

### NEW QUESTION # 150

Which of the following is a guideline or tool, often provided by third parties, used for defining design options?

- A. Solution scope
- B. Future state description
- **C. Existing solutions**
- D. Traced requirements

**Answer: C**

**Explanation:**

Existing solutions are considered a guideline or tool when defining design options. These can be internal systems or third-party offerings that provide baseline capabilities. Evaluating existing solutions helps the BA define viable design paths, often saving time and cost over custom-built options.

BABOK Reference - Task: Define Design Options (Section 7.5, Inputs):

"Existing solutions may include purchased products, components of the current state, or other assets that may be leveraged when

defining design options."
