ED-Con-101시험대비 덤프 최신 샘플문제 시험 기출문제 모음 자료

Salesforce 인증 ED-Con-101시험에 도전해보려고 결정하셨다면 ITDumpsKR덤프공부가이드를추천해드립니다. ITDumpsKR덤프는 고객님의게서 필요한것이 무엇인지 너무나도 잘 알고 있습니다. ITDumpsKR의 Salesforce 인증 ED-

Con-101덤프는Salesforce 인증 ED-Con-101시험을 쉽게 만듭니다.

최신 Salesforce Consultant ED-Con-101 무료샘플문제 (Q74-Q79):

질문 # 74

The intellectual Property department at a research university needs to manage the institution's patents. The department does not serve students and has a B2B business process.

Which account model should the consultant recommend?

- A. administrative Account Model
- **B. Standard account Model**
- C. Household Account Model

정답: B

설명:

The consultant should recommend the Standard account model for the Intellectual Property department, because it allows them to use the standard Account and Contact objects to manage their B2B business process, without creating additional records or relationships. The Household account model and the Administrative account model are designed for managing B2C or educational relationships, not B2B. Reference:

질문 # 75

A school for continuing education needs to track program costs within its budget and related revenue streams each program brings to the school.

Which Salesforce solution should the consultant consider?

- **A. Program Management Module**
- B. Accounting Subledger
- C. Grants Management

정답: A

설명:

The consultant should consider Program Management Module as a Salesforce solution to track program costs within its budget and related revenue streams each program brings to the school for the school for continuing education. Program Management Module is a product that allows users to manage programs, services, or interventions for their constituents. Program Management Module can help the school for continuing education track program costs within its budget and related revenue streams each program brings to the school by using features such as Programs, Services, Service Deliveries, or Service Reports. The consultant can also leverage other tools such as reports, dashboards, or formulas to track and analyze program costs and revenue streams. Accounting Subledger, Grants Management, or Marketing Cloud are not Salesforce solutions that can track program costs within its budget and related revenue streams each program brings to the school for the school for continuing education. 질문 # 76

A primary school needs to track which students receive assistance in their school lunch program.

Which Education Cloud feature should the consultant discuss with the school?

- A. Benefit Schedule
- **B. Program Management**
- C. Action Plan

정답: B

설명:

Program Management in Salesforce Education Cloud is designed to track and manage various programs offered by educational institutions, including assistance programs like school lunch programs. This feature allows schools to track which students are

enrolled in specific programs, manage program details, and report on program outcomes. Program Management provides a centralized way to handle various types of assistance and ensures that the school can efficiently manage and monitor the support provided to students.

Salesforce Education Cloud for K-12

질문 # 77

A university's Alumni Relations office is replacing its legacy system with Salesforce. The consultant needs to load a large volume of alumni Contact records into a new Salesforce environment.

Which action should the consultant take?

- A. Set the Account and Contact's sharing to Public Read/Write before the data load.
- **B. Set the Account and Contact's sharing to Private before the data load.**
- C. Load record owners after the Account and Contact data load is complete.

정답: B

설명:

The action that the consultant should take when loading a large volume of alumni Contact records into a new Salesforce environment is B. Set the Account and Contact's sharing to Private before the data load¹. This is because setting the sharing to Private can improve the performance and speed of the data load, as it reduces the number of sharing calculations and recalculations that Salesforce has to perform during the process. Setting the sharing to Private can also prevent unauthorized access and visibility of the data by other users until the data load is complete and verified².

A. Set the Account and Contact's sharing to Public Read/Write before the data load and C. Load record owners after the Account and Contact data load is complete are not valid actions for this scenario. Setting the sharing to Public Read/Write can degrade the performance and speed of the data load, as it increases the number of sharing calculations and recalculations that Salesforce has to perform during the process. Setting the sharing to Public Read/Write can also expose the data to other users who may not have the appropriate permissions or roles to view or edit the data². Loading record owners after the Account and Contact data load is complete can cause errors and inconsistencies in the data, as the record owners are required fields for the Account and Contact objects. Loading record owners after the data load can also trigger unnecessary workflows and validations that can affect the data quality and integrity³.

질문 # 78

A school is considering leveraging Student Success Hub.

Which operational requirement should the consultant confirm?

- A. Einstein Bots must be enabled prior to installing Student Success Hub.
- **B. Student Success Hub requires Education Data Architecture (EDA).**
- C. Read, Create and Edit access to Contacts, Accounts, and Cases is required.
- D. Student Success Hub requires the K-12 Architecture Kit.

정답: B

설명:

The consultant should confirm that Student Success Hub requires Education Data Architecture (EDA) as an operational requirement. Student Success Hub is a solution that extends EDA to meet the needs of student services and support. Student Success Hub provides features such as Early Alerts, Success Plans, Pathways, and Advising Events. Student Success Hub requires EDA to be installed and configured in the Salesforce environment before installing Student Success Hub. Einstein Bots being enabled prior to installing Student Success Hub, Read, Create and Edit access to Contacts, Accounts, and Cases being required, or Student Success Hub requiring the K-12 Architecture Kit are not operational requirements that the consultant should confirm.
