SAP Certified Associate - Implementation Consultant - SAP S/4HANA Cloud Public Edition, Financial Accounting Sample Questions (Q19-Q24):

NEW QUESTION # 19

When do you specify the data retention period in SAP S/4HANA Migration Cockpit?

- A. When the project status is "Finished"
- B. When the project status is "In progress"
- C. When the project status is "Not started"
- D. When the project status is "Completed"

Answer: C

Explanation:

Comprehensive and Detailed in Depth Explanation:

In the SAP S/4HANA Migration Cockpit, the data retention period determines how long migration data (e.g., staging tables or files) is retained before being archived or deleted, aligning with data governance and compliance requirements.

* Option A (When the project status is "Not started"): Correct. The retention period is defined during the initial setup of a migration project in the Migration Cockpit, before any data is loaded or processed.

This is part of the project configuration in the "Create Project" step, ensuring clarity on data lifecycle management from the outset.

* Option B (When the project status is "Finished"): Incorrect. By the "Finished" stage, migration activities are complete, and the retention period is already in effect-changes are no longer allowed.

* Option C (When the project status is "In progress"): Incorrect. While adjustments can be made during "In progress," the retention

period is a foundational setting established earlier.

* Option D (When the project status is "Completed"): Incorrect. "Completed" is not a standard status in the Migration Cockpit; "Finished" is the final status, and retention is predefined.

NEW QUESTION # 20

Which master record object controls the use of a business partner in accounts payable?

- A. Business partner grouping
- B. Business partner classification
- C. Business partner category
- **D. Business partner role**

Answer: D

Explanation:

Comprehensive and Detailed in Depth Explanation:

In SAP S/4HANA Cloud, the business partner (BP) framework governs AP usage.

A: Correct. BP role (e.g., FLVN01 for vendors) defines AP functionality.

B, C, D: Incorrect. These define structure or grouping, not specific AP usage.

NEW QUESTION # 21

Which tasks are mandatory before you can migrate data for a specific object?

Note: There are 2 correct answers to this question.

- **A. Predecessor objects have been migrated**
- B. You select the same migration method previously used for other objects
- **C. Permission to migrate the data has been assigned**
- D. All previous migration projects are in the "Finished" status

Answer: A,C

Explanation:

Comprehensive and Detailed in Depth Explanation:

In the SAP S/4HANA Migration Cockpit, data migration for a specific object requires certain prerequisites to ensure data integrity and system consistency.

* Option A (Predecessor objects have been migrated): This is correct because SAP S/4HANA migration follows a dependency-driven approach. Predecessor objects (e.g., master data like business partners or G/L accounts) must be migrated first to provide the foundational data required for dependent objects (e.g., transactional data like open items). This ensures referential integrity and prevents errors during the migration process.

* Option D (Permission to migrate the data has been assigned): This is also correct. Migration in SAP S/4HANA Cloud requires proper authorization, typically assigned via roles in the SAP Fiori Launchpad (e.g., the "Data Migration Specialist" role). Without this, users cannot access or execute migration tasks, ensuring security and compliance with governance policies.

* Option B (You select the same migration method previously used for other objects): This is incorrect. The migration method (e.g., file upload, staging tables) can vary by object and project requirements. SAP does not mandate using the same method across all objects.

* Option C (All previous migration projects are in the "Finished" status): This is not a requirement.

While completing prior projects can be a best practice, the Migration Cockpit allows parallel or independent migration projects, provided dependencies are met.

NEW QUESTION # 22

Which of the following are captured in a completed Digital Discovery Assessment?

Note: There are 2 correct answers to this question.

- A. Business role permission requirements

- B. Known integration requirements
- C. SAP Fiori application extensions
- D. Target customer go-live date

Answer: B,D

Explanation:

Comprehensive and Detailed in Depth Explanation:

The Digital Discovery Assessment scopes implementation needs.

* B: Correct. Includes go-live timeline.

* D: Correct. Captures integration requirements.

References: SAP Help Portal - "Digital Discovery Assessment."

NEW QUESTION # 23

Which of the following are steps in an automated payment run process?

Note: There are 3 correct answers to this question.

- A. Schedule propose run
- B. Upload bank statement
- C. Schedule invoice run
- D. Maintain parameters
- E. Schedule payment run

Answer: A,D,E

Explanation:

Comprehensive and Detailed in Depth Explanation:

The automated payment run (e.g., "Schedule Payment" app) follows a structured process.

B: Correct. Parameters (e.g., payment methods) are maintained first.

D: Correct. Scheduling the payment run executes it.

E: Correct. Proposal run is scheduled to preview payments.

A, C: Incorrect. These are unrelated to the payment run process.

NEW QUESTION # 24

.....

Choosing to participate in SAP certification C-S4CFI-2504 exam is a wise choice, because if you have a SAP C-S4CFI-2504 authentication certificate, your salary and job position will be improved quickly and then your living standard will provide at the same time. But passing SAP certification C-S4CFI-2504 exam is not very easy, it need to spend a lot of time and energy to master relevant IT professional knowledge. BraindumpsVCE is a professional IT training website to make the training scheme for SAP Certification C-S4CFI-2504 Exam. At first you can free download part of exercises questions and answers about SAP certification C-S4CFI-2504 exam on www.BraindumpsVCE.com as a try, so that you can check the reliability of our product. Generally, if you have tried BraindumpsVCE's products, you'll very confident of our products.
