NEW QUESTION # 24

What is the purpose of total workforce management from SAP?

- A. Providing a clear view of the entire workforce
- B. Proactively managing full-time employees
- C. Automating only manual processes.
- D. Analyzing historical data for strategic planning

Answer: A

Explanation:

A. Providing a clear view of the entire workforce - As stated on learning.sap.com, "Total Workforce Management from SAP helps the organization establish a clear view of the entire workforce", including full-time, part-time, and contingent workers.

The other options don't match the SAP description exactly:

* B refers only to full-time employees, but Total Workforce Management covers all workforce segments - internal and external - not just full-time.

* C mentions analyzing historical data for strategic planning. While SAP solutions include analytics, this isn't listed as the core purpose of Total Workforce Management on learning.sap.com.

* D says "automating only manual processes." The site describes reducing manual effort, but that isn't the sole purpose - it's part of a broader goal including visibility and proactive management.

Correct answer: A.
