## Reliable GH-900 Dumps Pdf & Exam GH-900 Topic

Beyond knowing the answer, and actually understanding the GH-900 test questions puts you one step ahead of the test. Completely understanding a concept and reasoning behind how something works, makes your task second nature. Your GH-900 quiz will melt in your hands if you know the logic behind the concepts. Any legitimate GH-900 prep materials should enforce this style of learning - but you will be hard pressed to find more than a GH-900 practice test anywhere other than ActualTorrent.

## Microsoft GitHub Foundations Sample Questions (Q37-Q42):

### NEW QUESTION # 37

What qualifier finds issues that mention a certain user?

- A. Smentioned:
- B. mentions:
- C. threads:

- D. mentioned:

**Answer: B**

Explanation:

The qualifier mentions: is used in GitHub's search functionality to find issues that mention a certain user. For example, if you want to find all issues where a specific user is mentioned, you would use mentions:username. This helps in tracking where a user has been involved in discussions across issues or pull requests.

#### NEW QUESTION # 38

In GitHub, why is it recommended to deploy from your feature branch before merging into the main branch?

- A. To ensure the changes are verified and validated in a production environment
- B. To avoid the need for testing changes in production
- C. To speed up the process of merging changes into the main branch
- D. To directly deploy changes from the main branch without any intermediate testing

**Answer: A**

Explanation:

It is recommended to deploy from your feature branch before merging into the main branch to ensure the changes are verified and validated in a production environment. This practice helps in identifying any potential issues or bugs in a real-world scenario before the changes are permanently integrated into the main branch. By deploying from the feature branch, developers can catch and address issues early, reducing the risk of introducing bugs into the main branch, which is usually considered the stable branch.

#### NEW QUESTION # 39

After 30 minutes of inactivity, a GitHub Codespace will:

- A. Restart
- B. Be deleted
- C. Time out
- D. Commit changes

**Answer: C**

Explanation:

After 30 minutes of inactivity, a GitHub Codespace will time out. This is designed to conserve resources when the Codespace is not being actively used. The session will be paused, and you'll need to reconnect to resume your work. However, the Codespace is not deleted, and any unsaved changes might not be lost but should be committed or saved to prevent data loss.

#### NEW QUESTION # 40

What layouts are available for GitHub Projects?

(Each answer presents a complete solution. Choose three.)

- A. Kanban
- B. Roadmap
- C. Table
- D. Backlog
- E. Board

**Answer: A,C,E**

Explanation:

GitHub Projects supports various layouts to help teams organize and visualize their work. The available layouts include:

B . Kanban: This is a visual task management tool where tasks are represented as cards and moved across columns that represent different stages of work.

C . Board: This layout is similar to Kanban but can be more flexible, allowing users to set up boards in various ways to suit their workflow needs.

D . Table: The Table layout allows you to view your tasks in a spreadsheet-like format, making it easy to manage and edit large amounts of data at once.

Roadmap and Backlog are not standard layouts provided by GitHub Projects. While these terms might be relevant in other project management contexts, GitHub Projects specifically offers Kanban, Board, and Table layouts.

#### NEW QUESTION # 41

What qualifier finds issues that mention a certain user?

- A. Smentioned:
- **B. mentions:**
- C. threads:
- D. mentioned:

**Answer: B**

Explanation:

The qualifier mentions: is used in GitHub's search functionality to find issues that mention a certain user. For example, if you want to find all issues where a specific user is mentioned, you would use mentions:username. This helps in tracking where a user has been involved in discussions across issues or pull requests.

#### NEW QUESTION # 42

.....

You can learn GH-900 quiz torrent skills and theory at your own pace, and you are not necessary to waste your time on some useless books or materials and you will save more time and energy that you can complete other thing. We also provide every candidate who wants to get certification with free Demo to check our materials. No other GH-900 Study Materials or study dumps can bring you the knowledge and preparation that you will get from the GH-900 study materials available only from ActualTorrent.
