NEW QUESTION # 118

Which of the following is a best practice for managing exceptions to cybersecurity policies?

Response:

- A. Granting exceptions only to senior management
- B. Ignoring exceptions to maintain flexibility in enforcement
- C. Establishing a formal exception process that requires justification, approval, and periodic review
- D. Allowing exceptions to be granted without documentation

Answer: C

NEW QUESTION # 119

When developing an incident response policy, which of the following elements should be prioritized?

Response:

- A. Avoiding documentation to keep the policy flexible
- B. Relying on third-party vendors for incident handling
- C. Assigning blame for incidents
- **D. Defining roles and responsibilities for incident response**

Answer: D

NEW QUESTION # 120

How can business continuity planning influence the development of a cybersecurity strategy?

Response:

- A. By prioritizing cybersecurity at the expense of business operations
- B. By focusing only on technical solutions
- C. By eliminating the need for cybersecurity investments
- **D. By ensuring that the cybersecurity strategy includes measures to maintain critical business operations during and after a security incident**

Answer: D

NEW QUESTION # 121

What is the purpose of conducting a security program gap analysis during development?

Response:

- A. To find areas where no improvement is needed
- **B. To identify vulnerabilities, risks, and areas where the current security program is not meeting the organization's security needs**
- C. To eliminate the need for future security audits
- D. To delay the implementation of new security measures

Answer: B

NEW QUESTION # 122

You are tasked with creating a data breach notification policy to ensure compliance with regulations like GDPR and CCPA. The policy must outline how the organization responds to breaches and informs affected individuals. What elements would you prioritize in the policy to meet regulatory requirements?

Response:

- A. Issue internal communications only and handle all notifications on an ad hoc basis
- B. Delay notification of data breaches until legal counsel reviews every incident
- C. Notify affected parties only if the breach involves more than 10,000 individuals
- **D. Include a clear process for timely breach notification, define the roles responsible for issuing notifications, and ensure the policy aligns with legal timeframes for informing affected parties**

Answer: D

NEW QUESTION # 123
