질문 # 170

You have a Microsoft 365 ES subscription that uses Teams.

The sales department at your company requires that a toll-free number appear at the top of a list of numbers on Microsoft Outlook invites to Teams meetings.

Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

정답:

설명:

Explanation:

According to the Microsoft documentation¹, you can use Audio conferencing policies to manage audio conferencing toll and toll-free numbers to be displayed in meeting invites created by users within your organization. You can use one of the two automatically created policies or create and assign custom policies. To create a custom audio-conferencing policy, you need to follow these steps¹:

* In the left navigation of the Microsoft Teams admin center, go to Meetings > Audio conferencing.

* Select Add.

* Enter the name and description of the policy. The name can't contain special characters or be longer than 64 characters.

* Choose whether or not to Include toll-free numbers in meetings created by users of this policy.

* Under Phone numbers included in meeting invites, select Add phone number, and then select the toll-free number that you want to appear at the top of the list of numbers on Outlook invites to Teams meetings. You can also add other phone numbers that you want to include in the meeting invites.

* Select Save.

Therefore, based on this information, the correct sequence of actions is:

* Purchase Communication Credits.

* Request a service number.

* Assign a number to a resource account.

* Create and assign an Audio Conferencing policy.

질문 # 171

Your company deploys a Quality of Service (QoS) solution to its network.

You recently deployed Microsoft Teams for all users. Each user uses a domain-joined computer that runs Windows 10.

The users report poor audio quality when they use Microsoft Teams from the network.

You discover that the media traffic from Microsoft Teams is processed by the QoS solution.

You need to ensure that all the media traffic is processed by the QoS solution.

Which two actions should you perform? Each correct solution presents part of the solution.

NOTE: Each correct selection is worth one point.

- A. From Group Policy Management, create a Group Policy Object (GPO) that contains the Policy based QoS settings, and then link the GPO to the domain.
- B. From PowerShell, run the Set-CsQoSConfiguration cmdlet.
- C. From the Microsoft Teams admin center, set Insert Quality of Service (QoS) markers for real-time media traffic to On.
- D. From the Microsoft Teams admin center, turn on logging for the device configuration profile.
- E. From the Microsoft Teams client, select a certified Microsoft Teams audio device.

질문 # 172

You are a Microsoft Teams administrator for your company.

You have the Org-wide app settings shown in the App Settings exhibit. (Click the App Settings tab.)

The company's global app permission policy is configured as shown in the Permission Policy exhibit. (Click the Permission Policy tab.)

The company's global app setup policy is configured as shown in the Setup Policy exhibit. (Click the Setup Policy tab.)

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

정답:

설명:

Explanation

A screenshot of a computer Description automatically generated with low confidence

Box 1: Yes

"Allow interaction with custom apps" in the org-wide policy and "upload custom apps" in the global policy are set to on. This means that users can upload custom apps to teams that allow it and to teams for which they are owners.

Box 2: Yes

The global policy allows Microsoft Flow.

Box 3: No

The global policy allows Microsoft Planner. However, the org-wide settings blocks Microsoft Planner. In this case, the org-wide policy blocking the app will override the global policy meaning the app will be blocked.

When an app is blocked, users will not be able to add the app to a team.
