

C_TS422_2023 : SAP S/4HANA Cloud Private Edition - Production Planning and Manufacturing Study Question is Very Worthy of Study Efficiently - SureTorrent

P.S. Free 2026 SAP C_TS422_2023 dumps are available on Google Drive shared by SureTorrent: https://drive.google.com/open?id=1iqNhq5EIWXWRCQ7c29-qJ_CxmpTJISUv

C_TS422_2023 Dumps Torrent and C_TS422_2023 learning materials are created by our IT workers who are specialized in the study of real SAP test questions for many years and they check the updating of dumps pdf everyday to make sure the valid of questions and answer, so you can totally rest assure of the accuracy of our SureTorrent vce braindumps.

The exact replica of the real SAP C_TS422_2023 exam questions is another incredible feature of the web-based practice test software. With this, you can kill your SAP C_TS422_2023 exam anxiety. Another format of the SAP S/4HANA Cloud Private Edition - Production Planning and Manufacturing (C_TS422_2023) practice test material is the C_TS422_2023 desktop practice exam software. All traits of the web-based C_TS422_2023 practice test are present in this version.

2026 The Best C_TS422_2023: SAP S/4HANA Cloud Private Edition - Production Planning and Manufacturing Exam Objectives

SAP C_TS422_2023 practice braindumps will be worthy of purchase, and you will get manifest improvement. So you have a comfortable experience with our C_TS422_2023 study guide this time. By using our C_TS422_2023 Preparation materials, we are sure you will pass your exam smoothly and get your dreamed certification.

SAP S/4HANA Cloud Private Edition - Production Planning and Manufacturing Sample Questions (Q65-Q70):

NEW QUESTION # 65

Which options do you have to plan both quantities and capacities during line loading in repetitive manufacturing? Note: There are 2 correct answers to this question.

- A. Run MRP with automatic selection of production version.
- **B. Run PP/DS heuristics for repetitive manufacturing.**
- C. Assign planned orders manually in the planning table.
- **D. Run MRP with quota arrangement.**

Answer: B,D

Explanation:

In SAP S/4HANA repetitive manufacturing, line loading involves planning production quantities and capacities across production lines. Options include:

* Run MRP with quota arrangement(B): MRP (MD01/MD02) with a quota arrangement (MEQ1, marked MRP-relevant) distributes production quantities across multiple production lines (production versions) based on predefined quotas (e.g., 60% Line A, 40% Line B). This plans quantities and implicitly considers capacity via the linked work centers, visible in MF50.

* Run PP/DS heuristics for repetitive manufacturing(D): PP/DS heuristics (e.g., SAP_PP_002 in /SAPAPO/CDPSB0) plan both quantities (e.g., creating planned orders) and capacities (e.g., finite scheduling on production lines) for REM scenarios. This integrates detailed scheduling with line loading, optimizing resource use.

Assign planned orders manually in the planning table(A) (MF50) adjusts existing quantities but doesn't inherently plan capacities-it's a manual tweak. Run MRP with automatic selection of production version(C) selects one version (e.g., via alphanumeric order), planning quantities but not dynamically balancing capacities across lines. This is per SAP's REM planning options.

NEW QUESTION # 66

What are the key features of using a low level code?

Note: There are 2 correct answers to this question.

- A. To determine the sequence in which materials are planned in MRP
- B. To determine the use of subitems inside material BOM (bill of material)
- C. To determine the priority of alternative components inside ATP
- D. To determine how costs are rolled up by product costing

Answer: A,D

NEW QUESTION # 67

Which time elements are relevant for lead time scheduling of a production order? Note: There are 2 correct answers to this question.

- A. Total replenishment lead time
- B. Opening period
- C. Setup time
- D. Float after production

Answer: C,D

NEW QUESTION # 68

Your company manufactures materials whose specifications differ for each manufacturing process. Which application do you have to use in SAP S/4HANA to be able to track and use this information in all areas of logistics?

- A. Batch management
- B. Process order management
- C. Engineering change management
- D. Quality management

Answer: A

Explanation:

You have to use batch management in SAP S/4HANA to be able to track and use the information about materials whose specifications differ for each manufacturing process in all areas of logistics. Batch management is a function that allows you to manage materials that are produced or procured in batches, where each batch has a unique identifier and can have different characteristics or specifications. With batch management, you can:

Define the batch characteristics and specifications for each material, such as color, potency, or shelf life.

Assign a batch number to each batch of material and record the batch characteristics and specifications in the batch master record.

Use the batch number as a key for tracking and tracing the batch throughout the logistics processes, such as goods receipt, production, quality inspection, goods issue, or delivery.

Use the batch characteristics and specifications as criteria for batch determination, which is a function that automatically selects the suitable batches for a requirement based on predefined rules and conditions.

Use the batch characteristics and specifications as input for batch valuation, which is a function that allows you to value batches of the same material differently based on their quality or market value.

NEW QUESTION # 69

What data can you maintain in the subitems of a bill of material (BOM)?

Note: There are 2 correct answers to this question.

- A. Quantity
- B. Status
- C. Scrap percentage
- D. Installation point

Answer: A,D

NEW QUESTION # 70

.....

Our desktop software also tracks your progress, and identifies your strengths and weaknesses, to ensure you're getting the best possible experience for the C_TS422_2023 Exam. All features of the web-based version are available in the desktop software. But the desktop software works offline and only on Windows computers.

Reliable C_TS422_2023 Exam Guide: https://www.suretorrent.com/C_TS422_2023-exam-guide-torrent.html

You only focus on new C_TS422_2023 practice questions for certifications, due to experts' hard work and other private commitments, SAP C_TS422_2023 Exam Objectives Rather than blindly assiduous hardworking for amassing knowledge of computer, you can achieve success skillfully, Before you really attend the SAP C_TS422_2023 exam and choose your materials, we want to remind you of the importance of holding a certificate like this one, This is reason why thousands of candidates depend on C_TS422_2023 latest exam dumps.

Check out the College Mentors Web site to scout out opportunities, C_TS422_2023 New Study Materials We can promise that we are going to provide you with 24-hours online efficient service after you buy our SAP S/4HANA Cloud Private Edition - Production Planning and Manufacturing guide torrent.

Online SAP C_TS422_2023 Practice Test

You only focus on New C_TS422_2023 Practice Questions for certifications, due to experts' hard work and other private commitments, Rather than blindly assiduous hardworking C_TS422_2023 for amassing knowledge of computer, you can achieve success skillfully.

Before you really attend the SAP C_TS422_2023 exam and choose your materials, we want to remind you of the importance of holding a certificate like this one.

This is reason why thousands of candidates depend on C_TS422_2023 latest exam dumps, You will win great advantages in preparing for C_TS422_2023 exam if choosing our exam training materials.
