최신 NCCER Credentials Fundamentals-of-Crew-Leadership 무료 샘플문제 (Q22-Q27):

질문 # 22

How is accountability defined?

- A. as giving an employee a particular task to perform
- B. as the power to act or make decisions in carrying out assignments
- C. as having the power to promote someone
- D. as holding an employee responsible for completing a particular duty

정답: D

설명:

Accountability is defined as holding an employee responsible for completing a particular duty (D) or task to a certain standard. It involves the expectation that individuals will answer for their actions and the outcomes of their assigned responsibilities. Having the power to promote (A) is related to authority. Giving a task (B) is delegation. The power to act or make decisions (C) is authority or empowerment. (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 1.4.3 Understanding Responsibility and Accountability)

질문 # 23

Which of the following is an uninsured cost of an accident?

- A. compensation
- B. production delays
- C. employee benefits
- D. medical bills

정답: B

설명:

Uninsured costs or indirect costs of accidents are those not typically covered by insurance. Production delays (C) resulting from an accident, such as work stoppage and rescheduling, are a significant uninsured cost. Medical bills (A), compensation (B), and some employee benefits might be covered under insurance policies. (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 3.1.1 Understanding the Costs of Accidents)

질문 # 24

The MOST effective approach to the inability of two employees to work together would be to do what?

- A. Pick the worker you think is causing the most trouble and threaten dismissal.
- B. Speak directly to the individuals and to others to learn what the problems are.
- C. Write a memo to all crew members, without mentioning names, encouraging cooperation.
- D. Write a memo to each of them ordering them to cooperate.

정답: B

설명:

The most effective approach to resolving interpersonal conflicts between employees is to speak directly to the individuals and to others to learn what the problems are (C). This allows for open communication, identification of the root causes of the conflict, and the opportunity to find a mutually agreeable solution. Simply ordering cooperation (A), threatening dismissal (B), or sending a general memo (D) are less likely to address the underlying issues effectively. (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 2.4.2 Resolving Conflicts)

질문 # 25

What is a potentially important use of the daily diary that is NOT related to the crew leader's efficient management of work?

- A. recording an OSHA inspection visit
- B. scheduling a new-worker orientation session
- C. a source of information during litigation with the client
- D. documenting work completed

정답: C

설명:

While the daily diary is crucial for documenting work progress (A), recording important events like OSHA inspections (B), and potentially noting training activities, a potentially important use not directly related to efficient daily management is that it can serve as a source of information during litigation with the client (D) by providing a detailed record of site conditions, work performed, and any relevant incidents. Scheduling a new-worker orientation (C) is more of a planning task than a daily record. (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 2.2.3 Maintaining a Daily Log)

질문 # 26

Insured costs for occupational injuries or deaths include which of the following?

- A. first-aid expenses
- B. costs of investigations
- C. pensions for dependents
- D. cost to train replacement workers

정답: C

설명:

Insured costs of occupational injuries and deaths are those covered by insurance policies, such as workers' compensation. These typically include pensions for dependents (C) in cases of fatality, as well as medical bills and lost wages. First-aid expenses (A) might be covered but are often a direct cost. Costs of investigations (B) and the cost to train replacement workers (D) are generally considered uninsured or indirect costs.

(Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 3.1.1 Understanding the Costs of Accidents)
