Pass Guaranteed 2026 Useful HCL Software Academy Free HCL-DOM-AADM-12 Exam Dumps

It is a truism that an internationally recognized HCL-DOM-AADM-12 certification can totally mean you have a good command of the knowledge in certain areas. If you are overwhelmed by workload heavily and cannot take a breath from it, why not choose our HCL-DOM-AADM-12 preparation torrent? We are specialized in providing our customers with the most reliable and accurate exam materials and help them pass their exams by achieve their satisfied scores. With our HCL-DOM-AADM-12 practice materials, your exam will be a piece of cake.

HCL Software Academy HCLSoftware Certified Associate Administrator Exam - Notes/Domino 12 Sample Questions (Q40-Q45):

NEW QUESTION # 40

Which two types of configuration documents are created or modified during Domino server setup? (Choose two)

- A. Configuration Settings document
- B. Database ACL document
- C. Server document
- D. Person document

Answer: A,C

Explanation:

During the initial configuration of a Domino server, the setup utility prepares the Domino Directory by creating or modifying core documents. These include the Server document, which identifies the server and its specific network/security settings, and the Configuration Settings document, which is used to manage settings for tasks like mail routing and MIME across one or more servers in the domain.

NEW QUESTION # 41

Which tab in the Domino Administrator Client provides tools to manage database replication?

- A. Configuration
- B. Files
- C. People & Groups
- D. Messaging

Answer: B

Explanation:

The Files tab in the HCL Domino Administrator client is the primary location for managing physical database files and their replicas. Within this tab, an administrator can select one or more databases and use the Tools pane to access Replication utilities. This allows them to create new replicas, manage existing ones, and manually trigger replication between the local server and a destination server.

NEW QUESTION # 42

Which two tasks can an administrator perform from the People & Groups tab of the Domino Administrator Client? (Choose two)

- A. Register new users
- B. View system resource usage
- C. Create groups
- D. View DAOS objects

Answer: A,C

Explanation:

The People & Groups tab is the primary management interface for directory objects in HCL Domino. Administrators use this tab to manage the lifecycle of identities, specifically for registering new users into the Domino Directory and creating groups. Groups are essential for defining mail distribution lists and managing security access levels across the domain. System resource monitoring and DAOS management are typically handled in the Server and Files tabs, respectively.

NEW QUESTION # 43

What is the primary function of the Router task on a Domino server?

- A. To process and route mail messages
- B. To manage DAOS repository storage
- C. To index databases for full-text search
- D. To compress and optimize NSF files

Answer: A

Explanation:

The Router task is the core component of the Domino messaging system. Its primary responsibility is to process and route mail messages. It constantly monitors the mailbox file(s) for new entries and determines where to deliver them—whether to a local mail file on the same server, to another Domino server via Notes routing, or to an external internet address via SMTP.

NEW QUESTION # 44

Which two installation modes are supported by HCL Domino 12 for server setup? (Choose two)

- A. Silent install
- B. Smartphone install
- C. Web-based install
- D. Graphical install

Answer: A,D

Explanation:

HCL Domino 12 supports multiple deployment methods to suit different server environments. The Graphical install is the traditional wizard-based method used for manual setups. For automated deployments or installations on servers without a graphical user interface (GUI), the Silent install allows administrators to use a response file to provide configuration parameters without interactive prompts.

NEW QUESTION # 45

.....

In order to meet the requirements of our customers, Our HCL-DOM-AADM-12 test questions carefully designed the automatic correcting system for customers.
