And not only the content is contained that you can free download from the website, also you can find that the displays of the AZ-900 Study Materials can be tried as well for we have three versions, according we also have three kinds of free demos.

The Microsoft AZ-900: Microsoft Azure Fundamentals exam validates the primary-level knowledge of the candidates, which is associated with Azure and its services. In particular, the test evaluates the ability of the applicants to describe the following concepts: key Azure services; Cloud concepts; key solutions & management tools on the Azure platform; overall security & network security features; governance, privacy, compliance & identity features; Azure cost management & Service Level Agreements. Acing the AZ-900 Exam makes you eligible for the Microsoft Certified: Azure Fundamentals certification.

The AZ-900 exam covers a range of topics, including cloud concepts, core Azure services, Azure pricing and support, and Azure security and compliance. It is a multiple-choice exam that consists of 40-60 questions that need to be completed in 85 minutes. AZ-900 exam can be taken in-person at a testing center or online through a remote proctoring service.
