- **D. A programme should respond to changes and new insights that emerge in its environment**

**Answer: D**

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

A programme is not rigid or static-it is dynamic and designed to adapt to internal and external changes. The MSP Foundation, 5th Edition defines a programme as:

"A temporary, flexible structure created to coordinate, direct and oversee the implementation of a set of related projects and activities in order to deliver outcomes and benefits related to the organization's strategic objectives." MSP emphasizes agility, stating that programmes must evolve in response to changes in the business environment, learning, and new insights.

Therefore, option D is correct.
