सी ई एन - 06/2025 - CEN - 06/2025
एनटीपीसी (ग्राजुएट स्तर) की भर्ती / Recruitment of NTPC Graduate Level

Test Date	22/03/2026
Test Time	4:30 PM - 6:00 PM
Subject	RRB NTPC GRADUATE CBT 1

* Note
Correct Answer will carry 1 mark per Question.
Incorrect Answer will carry 1/3 Negative mark per Question.

1. Options shown in green color with a tick icon are correct.
2. Chosen option on the right of the question indicates the option selected by the candidate.

Section: RRB NTPC GRADUATE CBT 1

Q.1 दावणदी (Davandi) मुख्यालय: भारत के किस राज्य का प्रमुख अघात वाद्य यंत्र है?

Ans ✔ A. मडियालु

✘ B. अंबिका

✘ C. केरल

✘ D. पंजाब

Q.2 एक फार्मास्यूटिकल अनुसंधान प्रयोगशाला ₹12,000 प्रति किट की दर से विस्तारणात्मक परीक्षण किट खरीदती है। आनुवंशिकता *10 किट खरीदने पर, 2 मुफ्त फर्मे की योजना के साथ साथ ₹1,00,000 से अधिक की खरीद पर 15% की मात्रा छूट (volume discount) और अनुसंधान संस्थानों के लिए 5% की अतिरिक्त छूट प्रदान करता है। यदि प्रयोगशाला इस पूरी योजना का लाभ उठाती है, तो किटों के कुल मूल्य पर उसे कितने प्रभावी छूट प्रतिशत मिलना होगा (तो दसमलत स्थानों तक पूर्णांकित कीजिए)

Ans ✘ A. 35.42%

✘ B. 34.18%

✔ C. 32.71%

✘ D. 30.25%

Q.3 पांच वृक्ष एक ट्रस्ट के आसन्न स्थित हैं, तथा रेखाएं M1 और M2 उनकी उभयनिष्ठ स्पर्श रेखाएं हैं। यदि सबसे बड़े वृक्ष की किज्या 9 दकाई और सबसे छोटे वृक्ष की किज्या 4 दकाई है, तो मध्य वृक्ष की किज्या (दकाइयों में) कितनी होगी?

Ans ✔ A. 6

✘ B. 8

✘ C. 10

✘ D. 5

Q.4 वर्ष 2025 में, टीएसएन और टीएसएन महानिदेशालय (DGLL) द्वारा आयोजित इंटरनेशनल ऑर्गेनाइजेशन फॉर स्टैंडर्ड्स टू नॉर्मेशन (IALA) की तीसरी परिषद बैठक की मेजबानी वर्ष 2025 में किस शहर ने की?

Ans ✔ A. मुंबई

✘ B. चेन्नई

✘ C. कोलकाता

✘ D. विजयापुरम

C-BCBTP-2502 Practice Exam & Free PDF 2026 SAP SAP Certified Associate - Positioning SAP Business Technology Platform as part of SAP Business Suite Realistic Reliable Test Preparation

We are leading company and innovator in this C-BCBTP-2502 exam area. We are grimly determined and confident in helping you pass the C-BCBTP-2502 exam. With professional experts and brilliant teamwork, our C-BCBTP-2502 exam dumps have helped exam candidates succeed since the beginning. To make our C-BCBTP-2502 Practice Engine more precise, we do not mind splurge heavy money and effort to invite the most professional teams into our group. They are the core value and truly helpful with the greatest skills.

SAP Certified Associate - Positioning SAP Business Technology Platform as part of SAP Business Suite Sample Questions (Q11-Q16):

NEW QUESTION # 11

How does SAP LeanIX enhance business IT governance when integrated with SAP BTP?

- A. By preventing cloud-based integrations.
- B. By eliminating enterprise architecture visualization.
- C. By providing IT landscape analysis and risk management.
- D. By restricting governance frameworks to manual tracking.

Answer: C

Explanation:

IT governance is often a challenge during rapid digital expansion. As more services are deployed on SAP BTP, maintaining a clear overview of the "who, what, and where" becomes critical. SAP LeanIX enhances business IT governance by providing a structured framework for IT landscape analysis and risk management. It acts as a "single source of truth" for the enterprise architecture, documenting all applications, their dependencies, and the business capabilities they support.

When integrated with SAP BTP, LeanIX helps organizations avoid "SaaS sprawl" (the unmanaged growth of cloud applications). It provides visibility into which BTP services are being used and identifies potential security risks, such as applications running on outdated versions or services that lack proper data privacy controls. This level of transparency is essential for compliance and cost management. By analyzing the

"Technical Fit" and "Business Fit" of the IT landscape, LeanIX allows executives to make informed decisions about decommissioning legacy systems and investing in new BTP-driven innovations. This strategic positioning ensures that the evolution of the SAP Business Suite is governed by data rather than guesswork, reducing operational risk and ensuring that the IT infrastructure is robust, secure, and fully aligned with the organization's long-term goals.

NEW QUESTION # 12

Which SAP BTP component helps businesses extract insights from structured and unstructured data?

- A. SAP SuccessFactors
- B. SAP Business Network
- C. SAP Data Intelligence
- D. SAP Integration Suite

Answer: C

Explanation:

In today's data landscape, business value is hidden not just in "structured" databases (like tables and spreadsheets) but also in "unstructured" data (like images, sensor logs, and social media feeds). SAP Data Intelligence is the specific component of SAP BTP designed to manage this diversity. It is a comprehensive data management solution that provides data orchestration, data cataloging, and powerful machine learning integration. It allows data scientists and engineers to create "data pipelines" that ingest, transform, and analyze data regardless of its source or format.

The role of SAP Data Intelligence within the SAP Business Suite is to turn "dark data" into actionable insights. For example, it can take unstructured maintenance logs from factory machinery and combine them with structured financial data to predict the total cost of ownership of an asset. By providing a unified view of the entire data landscape-whether that data resides in an SAP HANA database, a non-SAP data warehouse, or a cloud "data lake"-it ensures that decision-makers have a complete picture. This capability is vital for advanced AI and machine learning projects, as it provides the robust data foundation required to train accurate models, thereby positioning SAP BTP as a leader in enterprise data orchestration.

NEW QUESTION # 13

Which SAP BTP capability is crucial for supply chain resilience in the logistics industry?

- A. Real-time data exchange and tracking with SAP Integration Suite.
- B. Limiting automation in fleet management.
- C. Restricting logistics data visibility to local servers.
- D. Manual coordination of supply chain operations.

Answer: A

Explanation:

Supply chain resilience depends on visibility and the ability to react to disruptions in real-time. The SAP Integration Suite on BTP is crucial here because it enables real-time data exchange and tracking across a global network of suppliers, carriers, and warehouses. In the logistics industry, delays at a single port or a shortage of specific raw materials can have a cascading effect. By integrating IoT (Internet of Things) sensors, GPS tracking, and carrier management systems through the BTP Integration Suite, companies can gain a

"control tower" view of their entire supply chain.

This connectivity allows for "event-driven" logistics. For example, if a shipment is delayed, the system can automatically trigger a notification in the SAP S/4HANA system, recalculate production schedules, and notify customers—all without manual intervention.

This level of automation and visibility is what builds resilience; it allows businesses to pivot quickly when faced with unexpected challenges. Positioning SAP BTP as the integration hub for logistics ensures that data flows smoothly between the "digital core" and the physical world of shipping and receiving. This transforms the supply chain from a linear, often opaque process into a dynamic, responsive network that can withstand the pressures of modern global commerce.

NEW QUESTION # 14

What is a key feature of SAP BTP's AI capabilities?

- A. Limited AI functionalities restricted to specific SAP modules.
- B. Rule-based decision-making without machine learning.
- C. Automated decision-making with machine learning models.
- D. AI processing without cloud-based analytics support.

Answer: C

Explanation:

SAP BTP's approach to Artificial Intelligence is centered on the concept of "Business AI," which means AI is built specifically for business contexts and is deeply embedded within the SAP applications users use every day. A key feature of this capability is automated decision-making with machine learning (ML) models.

Unlike traditional rule-based systems that follow rigid "if-then" logic, ML models within BTP can analyze vast amounts of historical data to identify patterns and predict future outcomes. This allows the platform to provide recommendations, such as identifying the best supplier based on past performance or flagging potentially fraudulent financial transactions.

The AI Foundation on SAP BTP provides developers with ready-to-use services and tools to build, run, and manage AI-led extensions. This includes access to Large Language Models (LLMs) and specialized machine learning services that are pre-trained on business data. By positioning AI as a core component of BTP, SAP ensures that intelligence is not an afterthought but a central part of the business process. This enables a shift from reactive data entry to proactive, data-driven management. Furthermore, these AI capabilities are tightly integrated with SAP Analytics Cloud, ensuring that the insights generated by machine learning models are immediately actionable through intuitive visualizations and dashboards, thereby driving the digital transformation of the SAP Business Suite.

NEW QUESTION # 15

How does SAP BTP transform the healthcare industry?

- A. By restricting cloud-based medical records management.
- B. By eliminating automation in pharmaceutical research.
- *D. By preventing AI adoption in hospitals.
- C. By providing AI-driven diagnostics and patient management.

Answer: C

Explanation:

In the healthcare sector, SAP BTP acts as a catalyst for digital transformation by bridging the gap between clinical data and administrative efficiency. One of the most significant ways it transforms the industry is through AI-driven diagnostics and patient

management. By utilizing SAP HANA Cloud's ability to process massive datasets-including structured electronic health records and unstructured medical imaging- health providers can use machine learning models on BTP to identify patterns that might indicate early-stage diseases.

Furthermore, BTP facilitates the "Patient 360" concept, where data from various touchpoints (hospitals, insurance providers, and wearable devices) is integrated using the SAP Integration Suite. This gives clinicians a holistic view of a patient's history, leading to more personalized treatment plans and better outcomes. In addition to clinical benefits, BTP's automation tools (SAP Build) help hospitals streamline administrative tasks like appointment scheduling and billing, which reduces the burnout of medical staff. By positioning SAP BTP as the technological foundation, healthcare organizations can transition from reactive care to proactive, data-driven wellness management, ensuring that the SAP Business Suite delivers value far beyond traditional back-office operations.

NEW QUESTION # 16

.....

If you can get the certification for C-BCBTP-2502 exam, then your competitive force in the job market and your salary can be improved. We can help you pass your exam in your first attempt and obtain the certification successfully. C-BCBTP-2502 exam braindumps are high-quality, they cover almost all knowledge points for the exam, and you can master the major knowledge if you choose us. In addition, C-BCBTP-2502 Test Dumps also contain certain quantity, and it will be enough for you to pass the exam. We offer you free demo for you to have a try, so that you can have a deeper understanding of what you are going to buy.

Reliable C-BCBTP-2502 Test Preparation: https://www.itcerttest.com/C-BCBTP-2502_braindumps.html

We are strict with the quality and answers, and C-BCBTP-2502 exam materials we offer you is the best and the latest one, Our C-BCBTP-2502 practice engine is admired by all our customers for our experts' familiarity and dedication with the industry all these years, Because of the different habits and personal devices, requirements for the version of our Free C-BCBTP-2502 Exam exam questions vary from person to person, It is obvious that preparing for the SAP Reliable C-BCBTP-2502 Test Preparation Reliable C-BCBTP-2502 Test Preparation - SAP Certified Associate - Positioning SAP Business Technology Platform as part of SAP Business Suite exam with the traditional study methods, such as using paper-based materials or taking related training classes are time-consuming courses.

Once, many IT professionals only factored in the Reliable C-BCBTP-2502 Test Preparation costs of purchasing hardware and applications, Print files wirelessly to a compatible AirPrint printer, We are strict with the quality and answers, and C-BCBTP-2502 Exam Materials we offer you is the best and the latest one.

Create Get Excellent Scores in Exam with SAP C-BCBTP-2502 Questions

Our C-BCBTP-2502 practice engine is admired by all our customers for our experts' familiarity and dedication with the industry all these years, Because of the different habits and personal devices, requirements for the version of our Free C-BCBTP-2502 Exam exam questions vary from person to person.

It is obvious that preparing for the SAP SAP Certified Associate - Positioning SAP Business Technology Platform as part of SAP Business Suite exam with C-BCBTP-2502 the traditional study methods, such as using paper-based materials or taking related training classes are time-consuming courses.

Ignore this kind of words, now we are going to show you C-BCBTP-2502 Test Review something--the SAP Certified Associate valid training collection, the best assist will kill all above comments of someone.
