Cisco Implementing Cisco Advanced Call Control and Mobility Services Sample Questions (Q31-Q36):

NEW QUESTION # 31

A company has users that are logged in to hunt groups. However, there is a requirement for hunt group configurations to provide an option to turn on audible ringtones when calls to a line group arrive at a phone that is logged out and on a break. This ringtone alerts a logged-out user that there is an incoming call to a hunt list to which the line is a member, but the call does not ring at the phone of that line group member because of the logged-out status. Which action meets this requirement?

- A. Configure the service parameter hunt group logoff notification and specify the name of the ringtone file.
- B. Configure the HLog softkey on the phone so that while a user is logged off, it plays an audible tone when a call is missed.
- C. Set the service parameter Enterprise Feature Access number for hunt group logout and set up an access number
- D. Set the service parameter Party Entrance Tone to True."

Answer: A
