

# Free PDF 2026 Nutanix Accurate Trusted NCP-CI-Azure Exam Resource

## NUTANIX NCP-CI-AZURE V6.7 EXAM QUESTIONS WITH CORRECT ANSWERS

When configuring an alert email in Prism Central deployment within an NC2 environment, what is required in order for the emails to be sent properly?A.SMTP server configured in Prism Central SettingsB.A whitelisted public cloud console endpointC.Cluster Super Admin permissionsD.Name servers configure in Prism Central - Correct Answers -Answer: A

Which address must Azure Directory Service be able to resolve when deploying a new NC2 cluster?A.Download.cloud.nutanix.comB.Apikeys.nutanix.comC.Gateway-external-api.cloud.nutanix.comD.Gateway-internal-api-cloud.nutanix.com - Correct Answers - Answer: C

An on-premises network has been extended to azure with a VPN/ExpressRoute. The routing and peering of VNets is setup and has been confirmed to be correct.Which statement best describes the state of the traffic flow between the on-prem CVMs and the NC2 CVMs in Azure?A.The Network Security Group of the Flow Gateway VM on the Internal NICs will need to be edited to enable the traffic flow.B.A ticket will need to be put in with Microsoft support to open the subnet ranges from on-premises.C.Traffic will flow directly to the NC2 CVMs. Nothing will block the path by default.D.The Network Security Group of the Flow Gateway VM on the External NICs will need to be edited to enable the traffic flow. - Correct Answers -Answer: A

What will be observed in the NC2 cluster when terminating a node from the Azure portal?A.NC2 will shutdown the node.B.NC2 will continue re-provisioning the node.C.NC2 will terminate the node from the cluster.D.NC2 will mark the node as degraded. - Correct Answers -Answer: D

An administrator seeks to ensure that the newly-created NC2 organization named Finance can only deploy clusters into certain cloud regions.Which action should the administrator take to do this?A.Configure permissions in cloud accounts to restrict access to certain regions.B.Open a support ticket with Nutanix to whitelist the allowed regions for the Finance NC2 organization.C.Configure RBAC roles on the Finance NC2 organization to allow access to regions.D.Specify allowed regions when configuring a cloud account for the Finance NC2 organization. - Correct Answers -Answer: D

A company wants NC2 networking components to be created manually with the correct naming convention. To achieve this the administrator manually creates the PC and Host VNets in Azure.What additional Azure Network components must the administrator

P.S. Free & New NCP-CI-Azure dumps are available on Google Drive shared by PracticeMaterial: <https://drive.google.com/open?id=1V6-Ba48vjumalMtp10FEJjPcTGo-7-8>

To create the most popular NCP-CI-Azure exam questions in the market, we have been working hard on the compiling the content and design the displays. And our professional experts have been studying and doing research on the NCP-CI-Azure study materials for a long time. These experts spent a lot of time before the NCP-CI-Azure Study Materials officially met with everyone. They spent a lot of time to collate data and carefully studied the characteristics of the stocks to make sure every detail is perfect.

When your life is filled with enriching yourself, you will feel satisfied with your good change. Our NCP-CI-Azure exam questions are designed to stimulate your interest in learning so that you learn in happiness. And our NCP-CI-Azure preparation materials are applied with the latest technologies so that you can learn with the IPAD, phone, laptop and so on. Try to believe in yourself. You also can become social elite under the guidance of our NCP-CI-Azure Study Guide.

**Quiz 2026 Nutanix NCP-CI-Azure: Nutanix Certified Professional - Cloud Integration - Azure (NCP-CI-Azure v6.7) High Hit-Rate Trusted Exam Resource**

In order to meet the needs of all customers, Our NCP-CI-Azure study torrent has a long-distance aid function. If you feel confused about our NCP-CI-Azure test torrent when you use our products, do not hesitate and send a remote assistance invitation to us for help, we are willing to provide remote assistance for you in the shortest time. We have professional staff, so your all problems about NCP-CI-Azure Guide Torrent will be solved by our professional staff. We can make sure that you will enjoy our considerate service if you buy our NCP-CI-Azure study torrent.

## Nutanix Certified Professional - Cloud Integration - Azure (NCP-CI-Azure v6.7) Sample Questions (Q40-Q45):

### NEW QUESTION # 40

An administrator manager a virtual desktop environment running on an NC2 cluster in Azure.

The desktop running on the cluster need to contact resources on-premises through the ExpressRoute that has been setup. The save on bandwidth from the on-premises environment to Azure, the administrator wants the desktops to access the internet through an Azure NAT Gateway.

Which configuration will best accomplish this task?

- A. Set the default route of 0.0.0.0/0 for the Nutanix User VPC pointing to the external-No-NAT network.
- B. Set the default route of 0.0.0.0/0 for the Nutanix User VPC pointing to the external-NAT network. Set a route to the on-premises subnet for the Nutanix User VPC pointing to the external-NAT network.
- C. Assign all desktops Floating IPs and use an external-NAT network in the transit VPC. Set the default route of 0.0.0.0/0 for the Nutanix User VPC pointing to the external-NAT network.
- **D. Set the default route of 0.0.0.0/0 for the Nutanix User VPC pointing to the external-NAT network. Set a route to the on-premises subnet for the Nutanix User VPC pointing to the external-No-NAT network.**

**Answer: D**

Explanation:

\* Default Route for Internet Traffic:By setting the default route of 0.0.0.0/0 for the Nutanix User VPC pointing to the external-NAT network, all internet-bound traffic from the desktops will be routed through the Azure NAT Gateway, conserving bandwidth on the ExpressRoute connection.

\* On-Premises Route:Setting a specific route to the on-premises subnet for the Nutanix User VPC pointing to the external-No-NAT network ensures that traffic destined for on-premises resources bypasses the NAT Gateway and utilizes the ExpressRoute connection, optimizing the use of network paths.

### NEW QUESTION # 41

An administrator needs to open the following ports in the firewall between an on-premises cluster and azure for disaster recovery:

\* 22

\* 2009

\* 2020

\* 2049

\* 3260

\* 9440

Which rule-type should be created on the firewall for communication to be appropriately established?

- A. Bi-directional (ICMP)
- **B. Bi-directional (TCP)**
- C. Outbound (TCP)
- D. Outbound (ICMP)

**Answer: B**

Explanation:

\* Port Requirements: The specified ports (22, 2009, 2020, 2049, 3260, 9440) are commonly used for various services and require TCP communication.

\* Port 22: SSH

\* Port 2009: Used for Nutanix internal communication

\* Port 2020: Nutanix services

- \* Port 2049: NFS
  - \* Port 3260: iSCSI
  - \* Port 9440: Nutanix Prism management
  - \* Communication Type: To ensure proper disaster recovery setup, bi-directional communication is needed to allow traffic to flow both from on-premises to Azure and vice versa.
  - \* TCP Protocol: These ports use the TCP protocol, which provides reliable communication between devices.
  - \* Conclusion: Creating a bi-directional (TCP) rule on the firewall allows the necessary communication for disaster recovery processes.

  - \* Azure Networking Documentation

### NEW QUESTION # 42

An administrator has been asked to create a cluster to support new workloads.  
What are the maximum number of nodes supported in an NC2 on Azure environment?

- A. 28 nodes
- B. 18 nodes
- C. 24 nodes
- D. 14 nodes

**Answer: B**

Explanation:

- \* NC2 Cluster Node Limit: NC2 on Azure has specific limitations regarding the maximum number of nodes supported in a single cluster.
- \* Maximum Nodes: According to the current NC2 on Azure guidelines, a single cluster can support up to 18 nodes.
- \* Workload Support: This limitation ensures optimal performance and management of resources within the Azure environment.
- \* Comparison of Options:
- \* 14 nodes: Less than the maximum supported.
- \* 24 nodes and 28 nodes: Exceed the maximum supported, potentially leading to performance and management issues.
- \* Conclusion: For supporting new workloads, the maximum number of nodes in an NC2 on Azure environment is 18.

### NEW QUESTION # 43

An administrator is planning on building the network prior to deploying a Nutanix cluster into Azure.  
Which two components require their own vNets for NC2 in Azure? (Choose two.)

- A. Virtual Network Gateway
- B. Azure Load Balancer
- C. Bare-metal instance
- D. Prism Central

**Answer: C,D**

Explanation:

- \* NC2 on Azure Deployment: Deploying Nutanix clusters in Azure involves configuring various components, each needing appropriate network isolation and configuration.
- \* Components and vNets:
- \* Bare-metal instance: Requires its own vNet to ensure proper network isolation and performance.
- \* Prism Central: Needs a dedicated vNet to manage and monitor the Nutanix environment, ensuring it has the required network access and isolation.
- \* Azure Load Balancer: Does not require its own vNet but needs to be associated with the appropriate vNet where services are deployed.
- \* Virtual Network Gateway: Is used for VPN connections but does not necessitate a separate vNet; it operates within an existing vNet.

\* Network Isolation: Providing separate vNets for Bare-metal instances and Prism Central ensures optimal performance and management capabilities.

\* Conclusion: Both Bare-metal instances and Prism Central require their own vNets in the NC2 on Azure deployment.

#### NEW QUESTION # 44

An administrator needs to open the following ports in the firewall between an on-premises cluster and azure for disaster recovery:

\* 22

\* 2009

\* 2020

\* 2049

\* 3260

\* 9440

Which rule-type should be created on the firewall for communication to be appropriately established?

- A. Bi-directional (ICMP)
- **B. Bi-directional (TCP)**
- C. Outbound (TCP)
- D. Outbound (ICMP)

**Answer: B**

Explanation:

Port Requirements: The specified ports (22, 2009, 2020, 2049, 3260, 9440) are commonly used for various services and require TCP communication.

Port 22: SSH

Port 2009: Used for Nutanix internal communication

Port 2020: Nutanix services

Port 2049: NFS

Port 3260: iSCSI

Port 9440: Nutanix Prism management

Communication Type: To ensure proper disaster recovery setup, bi-directional communication is needed to allow traffic to flow both from on-premises to Azure and vice versa.

TCP Protocol: These ports use the TCP protocol, which provides reliable communication between devices.

Conclusion: Creating a bi-directional (TCP) rule on the firewall allows the necessary communication for disaster recovery processes.

#### NEW QUESTION # 45

.....

To be the best global supplier of electronic NCP-CI-Azure study materials for our customers through innovation and enhancement of our customers' satisfaction has always been our common pursuit. The advantages of our NCP-CI-Azure guide dumps are too many to count. And the most important point is that the pass rate of our NCP-CI-Azure learning quiz is pretty high as 98% to 99%. I guess this is also the candidates care most as well. You can totally trust in our NCP-CI-Azure exam questions!

**Free NCP-CI-Azure Exam Dumps:** <https://www.practicematerial.com/NCP-CI-Azure-exam-materials.html>

On one hand, the online version of our NCP-CI-Azure exam questions can apply in all kinds of the electronic devices, Our NCP-CI-Azure exam preparation are compiled by the first-class IT specialists who are from different countries, they have made joint efforts for nearly ten years in order to compile the most NCP-CI-Azure study guide, as the achievements made by so many geniuses, it is naturally that our actual lab questions are always well received in the world, In order to show you how efficient our NCP-CI-Azure exam dump is, we allow you to download a demo version for free!

Configuring Auto Thumbnails, The recent DA farm census shows the same structure is emerging in farming, On one hand, the online version of our NCP-CI-Azure exam questions can apply in all kinds of the electronic devices.
