Life-Annuities-and-Health-Insurance latest practice questions

Although we have three versions of our Virginia-Life-Annuities-and-Health-Insurance exam braindumps: the PDF, Software and APP online, i do think the most amazing version is the APP online. This version of our Virginia-Life-Annuities-and-Health-Insurance study materials can be supportive to offline exercise on the condition that you practice it without mobile data. So even trifling mistakes can be solved by using our Virginia-Life-Annuities-and-Health-Insurance Practice Questions, as well as all careless mistakes you may make.

Virginia Insurance Virginia Life, Annuities, and Health Insurance Examination Series 11-01 Sample Questions (Q116-Q121):

NEW QUESTION # 116

Premiums for Medicare supplement plans may be determined by all of the following methods EXCEPT:

- A. Issue age rating
- B. Experience rating
- C. Attained age rating
- D. Community rating

Answer: B

Explanation:

Premiums for Medicare supplement plans are typically determined using the attained age rating, community rating, or issue age rating methods. Attained age rating adjusts premiums based on the insured's current age, community rating charges all policyholders the same premium, regardless of age, and issue age rating bases premiums on the age at which the policyholder first purchases the policy. Experience rating, however, is not used for Medicare supplement plans, as it is more commonly applied to group insurance policies based on the claims history of a group.

NEW QUESTION # 117

(At the death of one annuitant, the benefit payments to the surviving annuitant under a joint and survivor annuity normally will:)

- A. Depend on the length of the period certain
- B. Continue at the same or a reduced level
- C. Depend on the refund option selected
- D. Cease entirely

Answer: B

Explanation:

A joint and survivor annuity is designed to provide income for two individuals, typically for retirement planning. When one annuitant dies, payments continue to the surviving annuitant, either at the same amount or at a reduced percentage, depending on the contract terms selected at issue.

Payments do not cease at the first death, and refund or period-certain options apply only if specifically elected. Virginia annuity education emphasizes joint and survivor annuities as a way to protect surviving spouses from loss of income, making option C correct.

NEW QUESTION # 118

Reasons for buying life insurance on a child's life may include all of the following EXCEPT:

- A. To pay for funeral expenses if the child dies
- B. To give the child a start on a personal insurance program
- C. To provide benefits for the child in case of the death of either or both parents
- D. To provide funds for the child's education

Answer: D

Explanation:

Life insurance on a child's life is typically purchased for reasons such as providing benefits for the child's parents in the event of the

child's death (e.g., funeral expenses) or giving the child a head start on a personal insurance program (such as accumulating cash value). However, it is not typically purchased to fund the child's education, as this is more commonly the purpose of other savings or investment vehicles, such as education savings plans.

NEW QUESTION # 119

An example of the unfair trade practice known as twisting is:

- A. Intimidating a person into buying a policy
- **B. Making an incomplete comparison of policies to convince a policyholder to cancel and change to a different policy**
- C. Giving special favors as an inducement to purchase insurance
- D. Misrepresenting the contract terms during a claims settlement

Answer: B

Explanation:

Twisting involves misrepresenting or making incomplete comparisons to induce a policyholder to replace an existing policy with one from another insurer, often to the client's detriment.

Exact Extract (Virginia Unfair Trade Practices Law): "Twisting-making incomplete or misleading comparisons of policies to induce replacement." Reference (Virginia Documents / Study Guide):

- Code of Virginia §38.2-503 (Twisting prohibited)

NEW QUESTION # 120

Generally, an indemnity plan which covers dental expenses:

- **A. Covers preventive care for adults and children once every six months**
- B. Only allows insureds to be treated by certain preselected providers
- C. Rarely requires an insured to pay a deductible or coinsurance portion for major services such as crowns
- D. Covers all dependent family members living in the insured's household, including dependent parents

Answer: A

Explanation:

Dental indemnity plans reimburse insureds for covered services up to specified amounts. Preventive services such as cleanings, exams, and fluoride treatments are typically covered every six months for both adults and children. These plans generally do not limit members to a network of providers, unlike managed care dental plans, but they do require deductibles and cost-sharing for major restorative work.

Exact Extract (Virginia Dental Plan Filing Requirements): "Preventive dental services-cleanings, exams, fluoride treatments-covered once every six months." Reference (Virginia Documents / Study Guide):

- Virginia SCC Product Checklist: Individual Stand-Alone Dental Plan Organizations

- Virginia Health Insurance Study Guide, Indemnity vs. Managed Care Plans

NEW QUESTION # 121
