検証する-完璧なAnalytics-DA-201参考資料試験-試験の準備方法 Analytics-DA-201トレーニング学習

Salesforceお客様との持続可能な関係に高い価値を置いているため、Analytics-DA-201準備ガイドのヘルプの下で最高の証明書学習体験をお楽しみいただけます。まず、5~10分でお支払いが完了すると、短納期で、オンラインでAnalytics-DA-201ガイドトレントをお送りします。加えて、当社のAnalytics-DA-201試験トレントの使用中に技術的および運用上の問題に対処するのに問題がある場合は、すぐにご連絡ください。24時間のオンラインサービスは、Salesforce Certified Tableau Data Analyst問題をすぐに解決するための努力です。

Salesforce Analytics-DA-201 認定試験の出題範囲:

トピック	出題範囲
トピック 1	<ul style="list-style-type: none">Explore and Analyze Data: This section covers creating calculations, applying filters, parameters, and structuring data to explore insights effectively. It also includes advanced analysis techniques such as table calculations, LOD expressions, forecasting, and geographic mapping to derive meaningful patterns and trends.
トピック 2	<ul style="list-style-type: none">Create Content: This domain involves building visualizations like charts, dashboards, and stories to present data insights clearly. It also focuses on adding interactivity, formatting, and designing responsive dashboards to enhance user experience and data communication.

トピック 3	<ul style="list-style-type: none"> • Publish and Manage Content on Tableau Server and Tableau Cloud: This section covers publishing workbooks, data sources, and flows to Tableau Server or Cloud for sharing and collaboration. It also includes managing content through scheduling refreshes, setting permissions, and creating alerts, subscriptions, and custom views.
トピック 4	<ul style="list-style-type: none"> • Connect To and Transform Data: This domain focuses on connecting to various data sources such as files, databases, and published sources, while deciding between live and extract connections. It also covers preparing, cleaning, transforming, and organizing data using Tableau features and Tableau Prep to ensure it is ready for accurate analysis.

Salesforce Certified Tableau Data Analyst 認定 Analytics-DA-201 試験問題 (Q58-Q63):

質問 # 58

You have a dashboard that contains confidential information about patients health. The data needs to always be up to date for a team of healthcare workers How should you share me dashboard with the healthcare workers?

- A. Publish the dashboard to Tableau Server
- B. Export the dashboard as a .twbx
- C. Print the dashboard to PDF
- D. Publish the dashboard to Tableau Public

正解: A

解説:

To share a dashboard that contains confidential information about patients health and needs to always be up to date for a team of healthcare workers, you should publish it to Tableau Server. This will allow you to control who can access and interact with your dashboard, as well as schedule automatic refreshes of your data source or extract. Publishing to Tableau Public would expose your data to anyone on the internet, printing to PDF would not update your data, and exporting as a .twbx would require sending a large file that might not be compatible with other versions of Tableau. References: https://help.tableau.com/current/pro/desktop/en-us/publish_workbooks_share.htm https://help.tableau.com/current/pro/desktop/en-us/publish_workbooks_tableauserver.htm

When sharing sensitive and confidential information that needs to be kept up-to-date, such as patient health data for a team of healthcare workers, the best practice is to publish the dashboard to Tableau Server. Tableau Server is designed for secure, controlled access and can be configured to ensure that data is refreshed as needed. Publishing to Tableau Public is not secure for confidential data, printing to PDF or exporting as a .twbx does not allow for live data updates.

質問 # 59

Open the link to Book1 found on the desktop. Open the Line worksheet.

Modify the chart to show only min and max values of both measures in each region.

正解:

解説:

check the steps below in explanation.

Explanation:

To modify the chart to show only min and max values of both measures in each region, you need to do the following steps:

- * Open the link to Book1 found on the desktop. This will open the Tableau workbook that contains the Line worksheet.
 - * Click on the Line tab at the bottom of the workbook to open the worksheet. You will see a line chart that shows the sales and profit for each month by region.
 - * Drag Month from the Columns shelf to Filters shelf. This will open a dialog box that allows you to filter by different criteria.
 - * Select Range of Dates from the dialog box. This will show you options to filter by a range of dates or values.
 - * Select Minimum and Maximum from the drop-down list next to Month. This will filter by the minimum and maximum values of Month for each region. You can also enter specific values or use the sliders to adjust the range.
 - * Click OK to apply the filter. You will see that the line chart now shows only min and max values of both measures in each region.

質問 # 60

Open the link to Book1 found on the desktop. Open SalesVSProfit worksheet.
Add a distribution band on Profit to show the standard deviation from -1 to 1.

正解:

解説:

check the steps below in explanation.

Explanation:

To add a distribution band on Profit to show the standard deviation from -1 to 1, you need to do the following steps:

- * Open the link to Book1 found on the desktop. This will open the Tableau workbook that contains the SalesVSProfit worksheet.
- * Click on the SalesVSProfit tab at the bottom of the workbook to open the worksheet. You will see a scatter plot that shows the relationship between Sales and Profit for each Sub-Category.
- * Click on the Analytics tab on the left side of the workbook to open the Analytics pane. You will see a list of analytical objects that you can drag and drop onto your worksheet.
- * Drag Distribution Band from the Analytics pane to Profit on the Rows shelf. This will add a distribution band on Profit that shows the average and confidence interval for each Sub-Category.
- * Click on the Edit button on the distribution band to open the Edit Distribution Band dialog box. You will see options to customize your distribution band.
- * Change the Band From value to -1 and the Band To value to 1. This will change the distribution band to show the standard deviation from -1 to 1, which means one standard deviation below and above the average.
- * Click OK to apply the changes. You will see that the distribution band now shows a narrower range of values for Profit.
