Fast Download H31-411 Test Dates | Easy To Study and Pass Exam at first attempt & Excellent Huawei HCIA-LTE V1.0

The study material to get Huawei HCIA-LTE V1.0 certified should be according to individual's learning style and experience. Real Huawei H31-411 Exam Questions certification makes you more dedicated and professional as it will provide you complete information required to work within a professional working environment.

Huawei H31-411 exam consists of multiple-choice questions that cover a wide range of topics related to LTE technology, including network architecture, radio access, core network, protocols, and services. Candidates are expected to have a solid understanding of

LTE technology and its application in real-world scenarios. They should also be familiar with Huawei's LTE products and solutions, as the exam includes questions on these specific topics. The Huawei H31-411 Exam is a valuable certification for individuals who work in the telecommunications industry and wish to advance their careers in LTE technology.

Huawei HCIA-LTE V1.0 Sample Questions (Q178-Q183):

NEW QUESTION # 178

The UBBP board supports reuse of baseband resources between systems to achieve multi- system concurrency.

- A. False
- **B. True**

Answer: B

NEW QUESTION # 179

Which of the following is the default username, password, and near-end maintenance IP of the LTE base station?

- A. User name: admin, password admin, near-end maintenance IP: 192.168.0.100
- B. User name: admin, password admin, near-end maintenance IP: 192.168.0.1
- **C. User name: admin, password hwbs@123, near-end maintenance IP: 192.168.0.49**
- D. User name: admin, password admin, near-end maintenance IP: 192.168.0.49

Answer: C

NEW QUESTION # 180

Which QCI does IMS signaling correspond to?

- A. QCI2
- **B. QCI5**
- C. QCI9
- D. QCI1

Answer: B

NEW QUESTION # 181

When the number of RRU3151 series RRU cascade is more than 1 level, 2.5G optical module is changed to single-mode 6.144G optical module; original light module which less than or equal to 1 level can be still used.

- A. False
- **B. True**

Answer: B

NEW QUESTION # 182

When the system bandwidth is 20M in the LTE system, what is the theoretical reference value of the (FDD) unloaded RSSI?

- A. 0
- B. 1
- **C. 2**
- D. 3

Answer: C
