Free PDF Quiz Useful H19-341_V1.0 - HCSA-Field-Intelligent Collaboration V1.0 Valid Dumps Pdf

If you feel nervous about the exam, then you can try the H19-341_V1.0 test materials of us, we will help you pass the exam successfully. H19-341_V1.0 Soft test engine can stimulate the real exam environment, through this version, and you can have a better understanding what the real exam environment is like. Moreover, H19-341_V1.0 test materials are high-quality and they cover the most knowledge points of the exam, and you can have a good command of the exam. We provide you with free update for 365 days after purchasing, and the update version will be sent to your email address automatically.

Huawei HCSA-Field-Intelligent Collaboration V1.0 Sample Questions (Q47-Q52):

NEW QUESTION # 47

In addition to OPS, what kinds of external ports can be provided Huawei IdeaHub S2? (Select All that can apply)

- A. Audio output port: 1 x 3.5 mm LINE OUT
- B. Video input interface: 1x HDMI
- C. Audio input port: 1 x 3.5 mm LINE IN
- D. Video output interface: 1x HDMI

Answer: A,B,C,D

Explanation:

The IdeaHub S2 provides a comprehensive set of physical I/O ports on its rear and side panels to support diverse integration needs:

* Audio (A & D): It features a 3.5mm Line In for external microphones or mixers and a 3.5mm Line Out for connecting to external room speakers.

* Video (B & C): It includes at least one HDMI Input for wired projection from a PC and an HDMI Output used for "Double Screen" setups (extending the display to a second monitor/projector) or for recording via an external device.

NEW QUESTION # 48

Which of the following specifications are supported by Huawei CloudLink Bar 310? (Select all that apply)

- A. Dual-band Wi-Fi (2.4 GHz and 5 GHz)
- B. 12x PTZ optical zoom
- C. Microphone array with 8 m sound pickup
- D. H.265 HD codec

Answer: A,C,D

Explanation:

The Huawei CloudLink Bar 310 is an integrated "all-in-one" video conferencing terminal designed for small to medium-sized rooms.

* Codec (A): It supports high-efficiency H.265 (HEVC) coding, which allows for 1080p HD video at significantly lower bandwidths compared to H.264.

* Network (B): It features built-in dual-band Wi-Fi, allowing it to connect to either 2.4 GHz or 5 GHz networks for flexible deployment without wired Ethernet.

* Audio (D): It is equipped with a built-in MEMS microphone array that provides a 8-meter voice pickup radius.

* Camera (C) is incorrect: The Bar 310 uses a fixed-lens wide-angle camera with digital zoom (typically 5x). High-ratio optical zoom like 12x PTZ is found on the Box series (like the Box 310/610) when paired with external cameras like the Camera 200.

NEW QUESTION # 49

Huawei IdeaHub S2 can use any non-pre-integrated OPS modules of other brands.

- A. FALSE
- B. TRUE

Answer: A

Explanation:

While the Huawei IdeaHub S2 features a standard 80-pin OPS (Open Pluggable Specification) slot, it is False to say it can use "any" third-party module without qualification. Huawei requires specific driver and BIOS compatibility to support the IdeaHub's specialized hardware functions, such as 4K video hardware acceleration, multi-touch signaling, and seamless system switching. Using non-certified third-party OPS modules often leads to performance degradation or total failure of the 4K display and touch capabilities.

NEW QUESTION # 50

Which of the following noises can be suppressed by the intelligent noise reduction algorithm of Huawei Box terminals? (Select all that

apply)

- A. Speaking voice
- B. Keyboard sound
- C. High-heeled heels
- D. Teacup crashing
- E. Coughing sounds

Answer: B,C,D,E

Explanation:

Huawei's Intelligent Noise Reduction (AI Noise Cancellation) technology is built on deep learning models trained on millions of hours of audio data. Its primary goal is to distinguish between human speech and non-human background noise.

* Suppressed Noises: The algorithm identifies and filters out over 30 types of common office noises, including keyboard typing (E), coughing (A), shuffling of papers, teacup or pen clatter (B), and the clacking of high-heeled shoes (D).

* Preserved Sound: The Speaking voice (C) is specifically identified as the target signal. The AI ensures that while background "garbage" is removed, the human voice remains natural, clear, and undistorted.

NEW QUESTION # 51

Document scanner of the Huawei digital classroom solution can not support the pdf file generation.

- A. FALSE
- B. TRUE

Answer: A

Explanation:

The document scanner (also referred to as a Visualizer or Physical Booth) in the Huawei digital classroom solution is designed to digitize physical teaching materials, such as homework, textbooks, and student papers.

These devices are fully integrated with the IdeaHub and the accompanying teaching software, allowing teachers to capture images and save them in various standard formats, including PDF and JPG. These files can then be shared via QR code, email, or saved to cloud storage. Therefore, the statement that it "cannot" support PDF generation is false.

NEW QUESTION # 52

.....

In addition to the H19-341_V1.0 study materials, our company also focuses on the preparation and production of other learning materials. If you choose our H19-341_V1.0 study materials this time, I believe you will find our products unique and powerful. Then you don't have to spend extra time searching for information when you're facing other exams later, just choose us again. As long as you face problems with the exam, our company is confident to help you solve. Give our H19-341_V1.0 Study Materials a choice is to give you a chance to succeed.
