Join IIA-CIA-Part2 study guide and you will be the best person!

Learn about the benefits of the IIA CIA Part 2 Exam

The CIA certification is a designation that is recognized worldwide. Achieving the certification not only shows management that you can do the job, but also shows that you are serious about your career. **IIA CIA Part 2 exam dumps** are the key of success.

The IIA CIA Certification Benefits

- The CIA outweighs the competition because it gives you a significant edge over others who are trying to advance their careers.
- The CIA designation offers its holders a greater chance of promotion and salary increase, as well as an advantage over other candidates when applying for jobs.

- As a certified internal auditor, you will have increased credibility with senior management and other stakeholders because you are certified by the world's largest professional association dedicated to advancing the practice of internal auditing.

- Certified Internal Auditors receive recognition from employers as valuable members of their organizations who can add value by managing risk and adding assurance to what can otherwise be considered an uncertain environment.

IIA Practice of Internal Auditing Sample Questions (Q450-Q455):

NEW QUESTION # 450
White planning an audit engagement of a procurement card activity. which of the following actions should an internal auditor take to denary relevant risks and controls?

- A. Develop the scope and objectives of the engagement
- B. Determine how many cardholders exceeded their daily limit.
- C. Meet with the procurement card program administrator
- D. Compare card transaction types against procurement card policy guidelines.

Answer: C

Explanation:
Meeting with the procurement card program administrator is a crucial step in identifying relevant risks and controls. This individual can provide detailed insights into how the procurement card program operates, potential risks, existing controls, and any issues or areas of concern. This information is vital for developing a comprehensive understanding of the program and for planning the audit engagement effectively. Actions like comparing card transaction types against policy guidelines, determining cardholder limit exceedances, and developing scope and objectives are important but are typically undertaken after initial risk and control identification.

NEW QUESTION # 451
Which of the following items, included in the preliminary audit communication would be most useful for management to formulate action plans in response to audit recommendations?

- A. A condition
- B. An audit objectives
- C. An observation rating
- D. An audit scope

Answer: B

NEW QUESTION # 452
To effectively communicate the acceptance of risk in an organization a chief audit executive must first consider which of the following?

- A. The organization's risk response strategies
- B. The organization's principal risk events.
- C. The organization's view on risk tolerance
- D. The organization's major control activities

Answer: C

Explanation:
To effectively communicate the acceptance of risk in an organization, a chief audit executive (CAE) must first consider the organization's view on risk tolerance. Understanding the organization's risk tolerance is crucial because it defines the level of risk the organization is willing to accept in pursuit of its objectives. This perspective guides how risks are communicated and managed across the organization.
