# Pass Guaranteed Quiz DP-700 - Perfect Implementing Data Engineering Solutions Using Microsoft Fabric Hottest Certification

DOWNLOAD the newest LatestCram DP-700 PDF dumps from Cloud Storage for free: https://drive.google.com/open?id=1M6tR6v0u78Pj4C5JZhAuktVjwNii5QQg

Many exam candidates feel hampered by the shortage of effective DP-700 practice materials, and the thick books and similar materials causing burden for you. Serving as indispensable choices on your way of achieving success especially during this exam, more than 98 percent of candidates pass the exam with our DP-700 practice materials and all of former candidates made measurable advance and improvement. All DP-700 practice materials fall within the scope of this exam for your information. The content is written promptly and helpfully because we hired the most processional experts in this area to compile the DP-700 practice materials. Our DP-700 practice materials will be worthy of purchase, and you will get manifest improvement.

Microsoft DP-700 Exam Syllabus Topics:

Topic	Details
Topic 1	• Implement and manage an analytics solution: This section of the exam measures the skills of Microsoft Data Analysts regarding configuring various workspace settings in Microsoft Fabric. It focuses on setting up Microsoft Fabric workspaces, including Spark and domain workspace configurations, as well as implementing lifecycle management and version control. One skill to be measured is creating deployment pipelines for analytics solutions.
Topic 2	• Ingest and transform data: This section of the exam measures the skills of Data Engineers that cover designing and implementing data loading patterns. It emphasizes preparing data for loading into dimensional models, handling batch and streaming data ingestion, and transforming data using various methods. A skill to be measured is applying appropriate transformation techniques to ensure data quality.
Topic 3	• Monitor and optimize an analytics solution: This section of the exam measures the skills of Data Analysts in monitoring various components of analytics solutions in Microsoft Fabric. It focuses on tracking data ingestion, transformation processes, and semantic model refreshes while configuring alerts for error resolution. One skill to be measured is identifying performance bottlenecks in analytics workflows.

Excellent DP-700 Test Torrent is of Great Significance for You

In order to facilitate the wide variety of users' needs the DP-700 study guide have developed three models with the highest application rate in the present - PDF, software and online. No matter you are a student, a office staff or even a housewife, you can

always find your most situable way to study our DP-700 Exam Q&A. Generally speaking, these three versions of our DP-700 learning guide can support study on paper, computer and all kinds of eletronic devices. They are quite convenient.

Microsoft Implementing Data Engineering Solutions Using Microsoft Fabric Sample Questions (Q70-Q75):

NEW QUESTION # 70

You have a Fabric workspace that contains a lakehouse named Lakehouse1. Data is ingested into Lakehouse1 as one flat table. The table contains the following columns.

You plan to load the data into a dimensional model and implement a star schema. From the original flat table, you create two tables named FactSales and DimProduct. You will track changes in DimProduct.

You need to prepare the data.

Which three columns should you include in the DimProduct table? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

- A. ProductName
- B. TransactionID
- C. SalesAmount
- D. ProductColor
- E. ProductID
- F. Date

Answer: A,D,E

Explanation:

In a star schema, the DimProduct table serves as a dimension table that contains descriptive attributes about products. It will provide context for the FactSales table, which contains transactional data. The following columns should be included in the DimProduct table:

ProductName: The ProductName is an important descriptive attribute of the product, which is needed for analysis and reporting in a dimensional model.

ProductColor: ProductColor is another descriptive attribute of the product. In a star schema, it makes sense to include attributes like color in the dimension table to help categorize products in the analysis.

ProductID: ProductID is the primary key for the DimProduct table, which will be used to join the FactSales table to the product dimension. It's essential for uniquely identifying each product in the model.

NEW QUESTION # 71

HOTSPOT

You have a Fabric workspace named Workspace1_DEV that contains the following items:

10 reports

Four notebooks

Three lakehouses

Two data pipelines

Two Dataflow Gen1 dataflows

Three Dataflow Gen2 dataflows

Five semantic models that each has a scheduled refresh policy

You create a deployment pipeline named Pipeline1 to move items from Workspace1_DEV to a new workspace named Workspace1_TEST.

You deploy all the items from Workspace1_DEV to Workspace1_TEST.

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:

NEW QUESTION # 72

HOTSPOT

You have a Fabric workspace named Workspace1_DEV that contains the following items:
10 reports
Four notebooks
Three lakehouses
Two data pipelines
Two Dataflow Gen1 dataflows
Three Dataflow Gen2 dataflows
Five semantic models that each has a scheduled refresh policy
You create a deployment pipeline named Pipeline1 to move items from Workspace1_DEV to a new workspace named Workspace1_TEST.
You deploy all the items from Workspace1_DEV to Workspace1_TEST.
For each of the following statements, select Yes if the statement is true. Otherwise, select No.
NOTE: Each correct selection is worth one point.
▫

Answer:

Explanation:
▫
Explanation:
▫

NEW QUESTION # 73
HOTSPOT
You have a Fabric workspace.
You are debugging a statement and discover the following issues:
Sometimes, the statement fails to return all the expected rows.
The PurchaseDate output column is NOT in the expected format of mmm dd, yy.

You need to resolve the issues. The solution must ensure that the data types of the results are retained. The results can contain blank cells.
How should you complete the statement? To answer, select the appropriate options in the answer area.
NOTE: Each correct selection is worth one point.
▫

Answer:

Explanation:
▫

NEW QUESTION # 74
You have a Fabric workspace that contains an eventstream named Eventstream1. Eventstream1 processes data from a thermal sensor by using event stream processing, and then stores the data in a lakehouse.
You need to modify Eventstream1 to include the standard deviation of the temperature.
Which transform operator should you include in the Eventstream1 logic?

- A. Union
- B. Group by
- C. Aggregate
- D. Expand

Answer: B

Explanation:
To compute the standard deviation of the temperature from the thermal sensor data, you would use the Aggregate transform operator in Eventstream1. The Aggregate operator allows you to apply functions like sum, average, count, and statistical functions like standard deviation across a group of rows or events. This operator is ideal for operations that require summarizing or computing statistics over a dataset, such as calculating the standard deviation.

NEW QUESTION # 75
......

It is universally acknowledged that Microsoft certification can help present you as a good master of some knowledge in certain

areas, and it also serves as an embodiment in showcasing one's personal skills. However, it is easier to say so than to actually get the Microsoft certification. We have to understand that not everyone is good at self-learning and self-discipline, and thus many people need outside help to cultivate good study habits, especially those who have trouble in following a timetable. To handle this, our DP-700 test training will provide you with a well-rounded service so that you will not lag behind and finish your daily task step by step. At the same time, our DP-700 study torrent will also save your time and energy in well-targeted learning as we are going to make everything done in order that you can stay focused in learning our DP-700 study materials without worries behind. We are so honored and pleased to be able to read our detailed introduction and we will try our best to enable you a better understanding of our DP-700 test training better.
