It introduces responsibility accounting and the use of performance metrics like ROI and residual income.

Saylor Managerial Accounting (SAYA-0009) Exam Sample Questions (Q51-Q56):

NEW QUESTION # 51

Coffee Beanz, Inc. currently maintains decentralized operations. The CEO is evaluating whether the company should centralize their operations. Which of the following situations would make centralized operations more beneficial than decentralized?

- A. Additional employees are necessary to manage an increase in production
- B. The company just opened a new factory in another state
- C. The company is adding five new product lines in the next year
- **D. Decreasing revenues have created a demand for decreasing expenses**

Answer: D

NEW QUESTION # 52

The manager of Ladron Candies is deciding whether or not to invest in new equipment with a purchase price of \$10,500 and a required rate of return of 7%. Given this calculation of the present value of cash inflows and outflows for the next three years, what should he decide, based on the internal rate of return?

- A. Reject the investment, because the internal rate of return cannot be determined with the information given.
- **B. Accept the investment, because the internal rate of return is approximately 7%, which equals the required rate of return.**
- C. Accept the investment, because the internal rate of return is approximately 6% and results in a profit after three years.
- D. Reject the investment, because the internal rate of return is approximately 7% and results in a loss after three years.

Answer: B

NEW QUESTION # 53

Bethel Bakery manufactures frosted sugar cookies. They maintain separate work-in-process accounts for their blending, cutting, baking, decorating, and packaging departments. Which costing method is Bethel Bakery most likely using?

- A. Activity-based costing
- B. Departmental costing
- **C. Process costing**
- D. Job costing

Answer: C

NEW QUESTION # 54

Waffles, Inc. is evaluating their annual bonus allocations for restaurant division managers. This is the segmented income statement data for the three individual restaurant locations of Waffles, Inc. What does this information tell us about the performance of each division manager?
