Microsoft Dynamics 365: Finance and Operations Apps Developer Sample Questions (Q130-Q135):

NEW QUESTION # 130

A company uses Dynamics 365 finance and operations apps.

A customer wants to ensure future customizations or application upgrades do not interfere with or interrupt business process steps. The customer must document the business process steps a user performs in the user interface. You need to select the options for exporting a task recording for testing. Which three options could you select? Each correct answer presents a complete solution. NOTE: Each correct selection is worth one point.

- A. Save to Lifecycle Services
- B. Export as Word document
- C. Save as developer recording
- D. Generate Test Execution files only
- E. Create derived test case

Answer: A,B,C

NEW QUESTION # 131

You are a Dynamics 365 Finance developer. You create a form. You must ensure that only sales managers can view the form. You need to set up security for the form. What should you do? To answer, select the appropriate options in the answer area. NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:

Step 1: Add the form object to the entry point node of a new privilege.

Your desired security privilege you can either directly set form control permissions or Entry Points.

For the Entry point method you need first need to add new entry point and set its object type and object name properties or for existing ones select desired entry point and click on drop down arrow and on controls right click and select new control, and now set its grant and name properties to desired control and its access rights.

Step 2: Add the privilege to a new duty

You need to assign this privilege in desired security role and security duty.

Step 3: Add the duty to the security role for sales managers.
