Which three methods can a Citrix Administrator choose from when creating a Featured App Group for a set of applications? (Choose three.)

- A. Application names
- B. Application category
- C. Keyword
- D. Delivery Group
- E. Installed locally

**Answer: A,B,C**

Explanation:

Explanation

You can create product featured app groups for your end users that are related to or fit in a specific category.

For example, you can create a Sales Department featured app group containing applications that are used by that department. You can define featured apps in the StoreFront administration console by using application names or by using keywords or application categories that were defined in the Studio console.
