Oracle Project Management Cloud 2025 Implementation Professional Sample Questions (Q65-Q70):

NEW QUESTION # 65

Your customer complains that their project resources do not report their time promptly, which has resulted in incorrect reporting of project performance. What should you do to fix this problem? (Choose the best answer.)

- A. Enable track missing time at project unit.
- B. Enable track missing time at project type.
- C. Enable track missing time at project template.
- D. Enable track missing time at business unit.

Answer: A

Explanation:

To fix the problem of project resources not reporting their time promptly, you should enable track missing time at project unit. This option allows you to track and report on missing time entries for project resources based on their work assignments and schedules. You can also set up notifications and reminders to prompt resources to enter their time on a regular basis. NEW QUESTION # 67

Stigma consulting has been hired by a client to implement Project Management Cloud. Which role should they assign to a user for using the rapid implementation feature to set up the Project Financial Management offering by populating and uploading a Microsoft Excel workbook?

- **A. Project Integration Specialist**
- B. Project Administrator
- C. Project Executive
- D. Project Application Administrator

Answer: A

Explanation:

The Project Integration Specialist role should be assigned to a user for using the rapid implementation feature to set up the Project Financial Management offering by populating and uploading a Microsoft Excel workbook. This role allows the user to access the Functional Setup Manager and perform the common setups for project costing and billing using predefined templates and spreadsheets. The user can also monitor and validate the setup data using reports and dashboards.
