Thirdly countless demonstration and customer feedback suggest that our ASET Ethics Examination-ASET Professional Practice Exam (PPE) study question can help them get the certification as soon as possible, thus becoming the elite, getting a promotion and a raise and so forth.

ASET Ethics Examination-ASET Professional Practice Exam (PPE) Sample Questions (Q87-Q92):

NEW QUESTION # 87

Upon cancellation, what must a regulated member of ASET surrender to the Registrar?

- A. Membership card
- B. Certificate of registration
- C. Annual certificate
- D. Certificate of registration and annual certificate

Answer: D

Explanation:

The designations of Certified Engineering Technologist (C.E.T.) and Certified Technician (C.Tech.) are legally protected titles under the Engineering and Geoscience Professions Act (EGPA). The physical certificates issued by ASET—specifically the primary Certificate of Registration (often a wall certificate) and the Annual Certificate (or digital equivalent proving current year dues and compliance)

—remain the legal property of the Association, not the individual member. They serve as public declarations of a member's current competency and legal right to practice. When a member's registration is cancelled—whether due to voluntary resignation, non-payment of dues, or as a result of disciplinary action—they immediately lose the legal right to use those titles and practice under that regulated scope. To prevent public deception or the fraudulent use of professional credentials by someone no longer bound by the ASET Code of Ethics, ASET bylaws require that both the Certificate of Registration and the Annual Certificate must be immediately surrendered and returned to the Registrar.

NEW QUESTION # 88

How many days does a rejected applicant have to submit a notice of appeal on the ASET Registrar?

- A. 30 days
- B. 15 days
- C. 60 days
- D. 10 days

Answer: A

Explanation:

Administrative fairness and natural justice are core tenets of the regulatory framework established by the Engineering and Geoscience Professions Act (EGPA). When an applicant applies for a protected designation (such as C.Tech. or C.E.T.) and the Board of Examiners rejects their application—perhaps due to insufficient experience or academic deficiencies—the applicant has the legal right to challenge that decision. However, this right is governed by strict statutory timelines to ensure administrative efficiency and finality. According to the legislation, a rejected applicant must serve a formal, written notice of appeal on the ASET Registrar within 30 days from the date they receive the official notice of rejection. If the applicant fails to submit their appeal within this 30-day window, the decision of the Board of Examiners becomes final and binding, and the applicant forfeits their right to have the decision reviewed by the Appeal Board during that application cycle.

NEW QUESTION # 89

A regulated member of ASET works for an organization that collects large amounts of data about its customers. The member is approached by a client with a request to access this information. Which of the following actions should the member take in this situation?

- A. Share the information with the client after customer names are removed from the data.
- B. Report the client to the Office of the Information and Privacy Commissioner.
- C. Decline the client's request to access the customer information.
- D. Share the information with the client after signing a confidentiality agreement.

Answer: C

NEW QUESTION # 90

Which of the following statements best describes what access members of the public have to hearings before the ASET Discipline Committee or ASET Appeal Board?

- A. Hearings are closed to the public.
- B. Hearings are open to the public unless the Committee or Board orders otherwise.
- C. Hearings are open to the public.
- D. Hearings may be open or closed to the public, depending on the nature of the hearing.

Answer: B

Explanation:

Self-regulating professions operate under a social contract where the government grants them the privilege to govern themselves in exchange for prioritizing public protection. A key tenet of this system is transparency. Therefore, under the Engineering and Geoscience Professions Act (EGPA), disciplinary hearings conducted by the ASET Discipline Committee or Appeal Board are, by

default, open to the public. This ensures that the public can witness that the profession is holding its members accountable and administering justice fairly. However, this is not an absolute rule. The Committee or Board possesses the legal authority to order a hearing (or portions of it) closed to the public if doing so is necessary to protect highly sensitive information. This exception is typically invoked to protect the identity of a victim of harassment, to protect highly confidential medical records, or to prevent the disclosure of proprietary corporate trade secrets that might be discussed as evidence during the hearing.

NEW QUESTION # 91

ASET has many boards and committees as a part of its corporate structure. Which of the following is a function of its Council?

- A. To be a governing body for ASET
- B. To provide support to ASET staff and executives
- C. To appoint members of the public to ASET Council
- D. To create bylaws and Acts that affect regulated members

Answer: A

Explanation:

Under the framework of the Engineering and Geoscience Professions Act (EGPA), professional regulatory organizations are governed by a specific corporate structure. The ASET Council functions as the ultimate governing body or "board of directors" for the association. Its primary role is to provide strategic direction, establish regulatory policies, oversee the registration and disciplinary processes, and ensure that ASET fulfills its statutory mandate to protect the public interest. The Council does not handle day-to-day staff support (that is the CEO's job). Furthermore, while the Council creates administrative bylaws (which must often be ratified by the membership), it absolutely does not create "Acts"-only the provincial legislature (the government) has the legal authority to create or amend the governing legislation (the EGPA). Finally, the Council does not appoint public members to itself; public members are appointed directly by the provincial government to ensure independent oversight. Therefore, acting as the high-level governing body is the correct primary function of the ASET Council.

NEW QUESTION # 92

.....

You can even print the study material and save it in your smart devices to study anywhere and pass the ASET Ethics Examination-ASET Professional Practice Exam (PPE) (ASET-Ethics-Examination) certification exam. The second format, by Pass4suresVCE, is a web-based ASET Ethics Examination-ASET Professional Practice Exam (PPE) (ASET-Ethics-Examination) practice exam that can be accessed online through browsers like Firefox, Google Chrome, Safari, and Microsoft Edge. You don't need to download or install any excessive plugins or Software to use the web-based software.
