NEW QUESTION # 154

A company is implementing Dynamics 365 Business Central.

You need to create a new company that is configured similarly to an existing company. The existing company has data that must be used as a template for the new company.

Which tools should you use? To answer, drag the appropriate tools to the correct requirements. Each tool may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Tools	Requirement	Tool
Assisted Setup	Create the first essential data components of a company, such as the company name.	
RapidStart Services	Run a series of setup tasks in a specific order and manually mark the tasks as completed once the tasks are finished.	
Configuration Questionnaire	Template the existing data and apply the template to the new company in a single process.	

Answer:

Explanation:

Tools	Requirement	Tool
