Salesforce Certified Experience Cloud Consultant Sample Questions (Q149-Q154):

NEW QUESTION # 149

Ursa Major Solar (UMS) has business and person accounts in its Salesforce org. UMS has partner portals created for its Silver partners, DreamHouse Realty (DR) and Cloud Kicks (CK).

UMS's Experience team is creating users for its partners. DR and CK users do not require access to opportunities, leads, and campaigns.

What are the two considerations for creating partner users and granting access?

Choose 2 answers

- **A. Assign Customer Community Plus license to partner users.**
- B. Only business accounts can be created as partner users
- C. Only person accounts can be created as partner users.

- **D. Assign Partner Community license to partner users.**

Answer: A,D

NEW QUESTION # 150

Universal Containers (UC) maintains multiple customer-facing sites, but only one profile for all customer users. No customer has access to more than one site.

Which step should the UC system administrator take to grant customers access to the appropriate site?

- A. Create and assign a permission set to the users and site.
- B. Enable the Customer Identity profile or permission set.
- C. Add user to the All Customer Portal Users public group.
- **D. Assign the profile to the site membership.**

Answer: D

Explanation:

This option allows UC to grant customers access to the appropriate site. Site membership is a feature that defines which users can access a site and what permissions they have. UC can assign the profile for all customer users to the site membership of each site and specify the default page access and object permissions for that profile. UC can also assign permission sets to the site membership to grant additional permissions to specific users⁴

NEW QUESTION # 151

Universal Containers (UC) is building a new self-service site for its large global customer base. Customers will be posting questions, viewing Knowledge articles, downloading warranties, opening tickets, and registering their recent purchases. Purchases are stored in a custom object. UC is considering using the Customer Service template for the site and External Apps license for the customers.

Which limitation could cause a potential issue for UC?

- A. External Apps license does NOT allow access to cases.
- B. External Apps license does NOT download documents out-of-the-box.
- C. External Apps license does NOT allow access to custom objects.
- **D. External Apps license does NOT allow self-registration.**

Answer: D

NEW QUESTION # 152

Cloud Kicks (CK) advises its diverse set of clients on how to use Experience Cloud. With new regulations taking effect, many of CK's clients want an easy and cost effective way to set up a site and gather their customers' communication preferences.

How should CK help compile these preferences?

- A. Create a Lightning Bolt solution that already includes all the preferences.
- B. Use the standard Preferences Chatbot to gather the preferences.
- **C. Create a Lightning Bolt solution with a template and a login flow to gather the preferences.**
- D. Build a Service Console to gather the preferences.

Answer: C

NEW QUESTION # 153

Universal Containers (UC) would like to create a site for its existing customers. The site will contain articles, manuals, and FAQs. The site will also contain access to UC's Contracts object specific to each customer and the ability for customers to update their billing information, requiring them to log in to the site to access any information.

Which template should UC select when building its site?

- A. Help Center
- **B. Customer Account Portal**
- C. Customer Service

- D. Partner Central

Answer: B

Explanation:

The Customer Account Portal template is designed for creating a site for existing customers who need to access their account information, such as contracts, billing, and support. The template includes features such as login, registration, profile management, case management, and commerce integration. The template also supports Knowledge articles, manuals, and FAQs.
