Who is responsible for appointing the Project Manager?

- A. The Project Board
- B. Corporate or Programme Management
- C. Project Assurance
- D. The Executive

Answer: D

NEW QUESTION # 98

Scenario

Additional Information

Extract from the Communication Management Strategy.

The project information in the table below is true, but it may not be recorded under the correct heading or be in the correct document.

□ Using the Project Scenario, select the appropriate response to each of the following 5 questions which have been raised by the Project Board.

The project is now at the end of the initiation stage. Having decided that the Calendar project is a relatively simple project, the Project Manager combined the Starting Up a Project process and the Initiating a Project process. No Project Brief has been produced. Instead the Project Manager used the project mandate to produce a simple Project Initiation Documentation (PID). The PID includes the Business Case, a product checklist and several Product Descriptions, Including the Project Product Description. Short sections are also included for each of the strategies and the controls to be applied. The Project Manager has elected to use the Daily Log to record all risks, issues, lessons and quality - results.

After the initiation stage there will be two further stages during which a small number of Work Packages will be authorized. While these are being managed, the Project Manager will hold regular checkpoints, which will support the production of weekly Highlight Reports to the Project Board.

This question provides a number of changes which may or may not be required to the Extract from the Communication Management Strategy provided in the additional information.

Which statement applies to the Information needs for each interested party section?

- A. Delete entry 14 because this relates to the development of a particular product and should be recorded under Development interfaces within the relevant Work Package.
- B. Move entry 13 to Tools and techniques because it describes the method to be used to communicate to the individual producing the staff newsletter.
- C. Delete entry 13 because the activity to provide the weekly updates should be scheduled in the relevant Stage Plan.

Answer: A

NEW QUESTION # 99

Which of the following is not a factor to consider when determining the length of a stage?

- A. The amount of resources available in the short term
- B. The amount of risk associated with the project
- C. The technical stages within the project
- D. How far ahead you can sensibly plan in detail

Answer: A

NEW QUESTION # 100

A team manager forecasts a work package will exceed time tolerance and raises an issue.

Is this appropriate application of the progress practice, and why?

- A. No, because an exception report is required immediately
- B. Yes, because planning should improve
- C. Yes, because forecast exceptions must be escalated
- D. No, because escalation should wait

Answer: C

Explanation:

PRINCE2 requires escalation when a tolerance is forecast to be exceeded, not after it is breached.

Raising an issue is the correct first step.

During which process would the stage tolerances be set?

- Answer: D**
