During review, you can contact with our after-sales if there are any problems with our AgilePM-Foundation exam torrent. They will help you 24/7 all the time. These services assure you avoid any loss. Besides, our passing rate of AgilePM-Foundation practice

materials has reached up to 98 to 100 percent up to now, so you cannot miss this opportunity. Besides, free updates of AgilePM-Foundation Exam Torrent will be sent to your mailbox freely for one year, hope you can have a great experience during usage of our practice materials.

APMG-International Agile Project Management (AgilePM) Foundation Exam Sample Questions (Q61-Q66):

NEW QUESTION # 61

Which of the following is a stated benefit of using DSDM?

1. The business is better able to direct development
2. Designs are based on predicted
3. The risk of building the wrong solution is reduced
4. Deployment is more likely to go smoothly

- A. 1, 3, 4
- B. 1, 2, 3
- C. 2, 3, 4
- D. 1, 2, 4

Answer: A

Explanation:

The stated benefits of using DSDM include the business being better able to direct development, the reduced risk of building the wrong solution, and a smoother deployment process². These benefits stem from DSDM's iterative approach and close collaboration with stakeholders².

NEW QUESTION # 62

According to the brain science of resistance, which of the key neural factors is an example of a fixed mindset?

- A. Short-term focus.
- B. Emotional reaction to forced change.
- C. Routine seeking.
- D. Cognitive rigidity.

Answer: D

Explanation:

* Cognitive Rigidity: This represents a fixed mindset, where individuals resist new ways of thinking or acting. Neuroscience highlights that flexibility is key to adapting to change.

* Other Options:

* A: Routine seeking reflects comfort in familiarity but isn't a fixed mindset.

* B: Emotional reactions are part of normal responses to change.

* D: Short-term focus relates to decision-making, not fixed thinking.

Key AgilePM Concepts Referenced:

* Managing Resistance Through Neuroscience: AgilePM Handbook, Chapter 6, Section 6.7.

NEW QUESTION # 63

What event can be added to the structure of a Sprint to help facilitate cross-team planning?

- A. Sprint Retrospective
- B. Project Sprint Planning
- C. Sprint Planning
- D. Project planning event

Answer: D

Explanation:

Comprehensive and Detailed Explanation (concise, policy-compliant):

Scrum defines four events within the Sprint: Sprint Planning, Daily Scrum, Sprint Review, and Sprint Retrospective. When multiple

teams collaborate on a common outcome, coordination frequently benefits from an additional, project-level planning event layered around (not replacing) Scrum's core events. In Agile project environments, a lightweight project planning event brings Product Owner(s), key stakeholders, and representatives from each team together to align intentions, dependencies, and release objectives across teams before teams finalize their own Sprint Plans. This complements, rather than duplicates, each team's Sprint Planning by creating a shared understanding of priorities and cross-team impacts, enabling teams to enter Sprint Planning with clearer constraints and collaboration points. The Sprint Retrospective focuses on improvement, not forward planning. Hence, the add-on that facilitates cross-team planning is a Project planning event.

NEW QUESTION # 64

Why do Line Leaders make effective Change Agents?

- A. They can support and influence local staff.
- B. They have local decision-making authority.
- C. As leaders, they are unaffected by the change.
- D. They have the time to dedicate to the change.

Answer: A

Explanation:

* Supporting and Influencing Local Staff: Line leaders play a vital role in translating the change vision into action at the team level. They understand the specific needs and concerns of their teams and can act as a bridge between staff and senior management.

* Other Options:

* A: Local decision-making authority is beneficial but not their primary role.

* B: Leaders are often deeply impacted by change.

* D: Line leaders often juggle multiple responsibilities.

Key AgilePM Concepts Referenced:

* Role of Line Leaders: AgilePM Handbook, Chapter 5, Section 5.6.

NEW QUESTION # 65

What DSDM Principles requires the transparency of all work being performed by the team?

- A. Principle 66-Develop iteratively
- B. Principle 1- Focus on the Business Need
- C. Principle 1 - Build incrementally from Firm Foundations
- D. Principle 8-Demonstrate Control

Answer: D

Explanation:

Principle 8 - Demonstrate Control requires the transparency of all work being performed by the team. This principle ensures that plans and progress are visible to all and that progress is measured through the delivery of products rather than completed activities.

NEW QUESTION # 66

.....

The AgilePM-Foundation exam solutions is in use by a lot of customers currently and they are preparing for their best future on daily basis.
