FC0-U71 Exam Braindumps is willing to give you a hand to pass the exam. FC0-U71 Exam Torrent will be the best study tool for you to get the certification

CompTIA Tech+ Certification Exam Sample Questions (Q29-Q34):

NEW QUESTION # 29

A user needs to read documentation on a device while walking around outdoors in bright sunlight. Which of the following is the best type of device for this purpose?

- A. ISmartphone
- B. Laptop
- C. Tablet
- D. E-reader

Answer: D

Explanation:

E-readers use e-ink displays, which are highly readable in bright sunlight and have long battery life - ideal for outdoor use. Laptops, tablets, and smartphones often have glare or brightness issues in direct sunlight.

NEW QUESTION # 30

Which of the following data types would be best for storing data representing a phone number?

- A. Char
- B. Integer
- C. String
- D. Float

Answer: C

Explanation:

Although a phone number contains only digits, it is best stored as a string because:

It doesn't require mathematical operations.

It may include formatting symbols like dashes or parentheses.

"Phone numbers are stored as strings because they are identifiers, not values for computation." - CompTIA ITF+ Data Types

Correct answer: A

NEW QUESTION # 31

Which of the following is the most important consideration when opening a file on an OS GUI?

- A. Default permissions
- B. File extension
- C. Data compression
- D. Backup policy

Answer: B

Explanation:

The most important consideration when opening a file on an Operating System Graphical User Interface (OS GUI) is the file extension. A file extension identifies the type of file and determines which software application can open it. In the official CompTIA ITF+ Student Guide, it is stated that:

"The last part of the file name represents an extension, which describes what type of file it is and is used by Windows to associate the file with an application."

"Files are usually opened by double-clicking them. You may want to open a file in a software product other than the default, however. When you right-click a file, the shortcut menu displays a list of suitable choices, or you can choose Open With and browse for a different application. You can also use the Default Programs applet to configure file associations."

"Do not change a file's extension if it is shown. If you delete or change the extension, the file will not be associated with the correct program for opening it." This means the OS uses the file extension to decide which application to use to open a file. Changing or deleting the extension can result in the file not opening properly because it no longer matches the program expected to open it.

NEW QUESTION # 32

Which of the following could be a letter, number, or symbol?

- A. Integer
- B. Boolean

- C. String
- **D. Char**

Answer: D

Explanation:

A char (character) represents a single letter, number, or symbol in programming.

Other options:

*String is a sequence of characters,

*Boolean represents true/false values,

*Integer is a whole number.

NEW QUESTION # 33

A user wants to purchase a portable device that can be used exclusively for viewing books. Which of the following devices would be the best option?

- A. VR system
- B. Laptop
- C. Tablet
- **D. E-reader**

Answer: D

Explanation:

An e-reader is the best option for viewing books due to its e-ink display, which is easier on the eyes, readable in bright light, and has long battery life - making it ideal for exclusive reading use.

Other options:

*Laptops and tablets are multipurpose,

*VR systems are not designed for reading.

NEW QUESTION # 34

.....
