- D. Plan the transportation and select carriers

Answer: C

NEW QUESTION # 32

You have completed the configuration tasks for cost distribution and freight settlement in transportation management and materials management. The settlement documents were successfully posted. Which of the following business documents would you check to verify that the amounts and postings are correct? Note:

There are 2 correct answers to this question.

- A. Forwarding settlement document
- B. Shipment cost document
- **C. Settlement management document**
- **D. Service entry sheet**

Answer: C,D

Explanation:

After posting freight settlement documents (FSDs) in SAP S/4HANA Transportation Management and transferring them to Materials Management (MM), specific documents are checked to verify the correctness of amounts and postings. According to the SAP documentation:

* Service entry sheet (C): Created in MM to record the transportation services performed, this document reflects the charges from the FSD and is used to verify the amounts.

* Settlement management document (D): Used in SAP S/4HANA for managing settlement processes, this document confirms the financial postings related to the freight settlement.

The other options are incorrect:

* Shipment cost document (A) is a term from SAP ERP Transportation Management (LE-TRA) and is not used in SAP S/4HANA TM.

* Forwarding settlement document (B) is used for forwarding orders in logistics service provider scenarios, not for standard freight order settlements.
