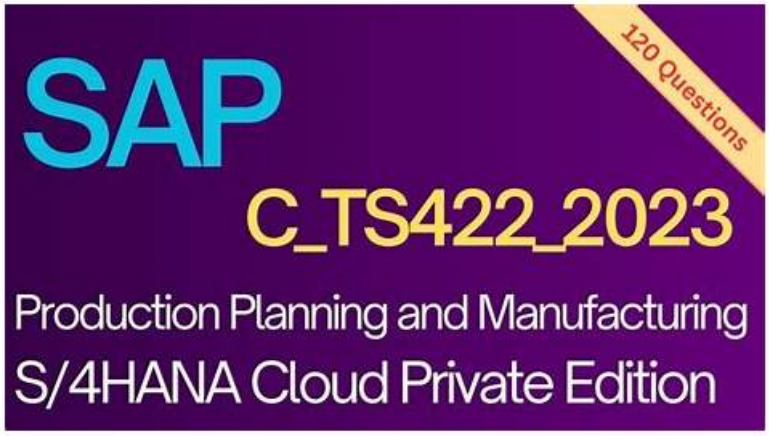
C-TS422-2023 Free Exam & New C-TS422-2023 Exam Pass4sure



BTW, DOWNLOAD part of PassLeaderVCE C-TS422-2023 dumps from Cloud Storage: https://drive.google.com/open?id=1yyDlaZN3fXW0klQRvXdBjfMIj5M3rzsT

Our C-TS422-2023 practice materials from our company are invulnerable. And we are consigned as the most responsible company in this area. So many competitors concede our superior position in the market. Besides, we offer some promotional benefits for you. The more times you choose our C-TS422-2023 Training Materials, the more benefits you can get, such as free demos of our C-TS422-2023 exam dumps, three-version options, rights of updates and so on. So customer orientation is the beliefs we honor.

SAP C-TS422-2023 Exam Syllabus Topics:

Topic	Details
Topic 1	• Lean Manufacturing in SAP S • 4HANA: This section covers repetitive manufacturing master data, line load planning, and Kanban systems.
Topic 2	• Master Data in SAP S • 4HANA: This section covers the exploration of crucial production-related master data elements, with emphasis on bill of material, routing, and production version.
Topic 3	• Demand Management in SAP S • 4HANA: This section covers a comparison of production methods in various manufacturing environments.
Topic 4	• Material Requirements Planning in SAP S • 4HANA: This part of the exam covers an examination of planning strategies, tools, and long-term planning concepts. Overview of MRP fundamentals and lot size procedures.
Topic 5	• Production Orders in SAP S • 4HANA: This section covers BOM item categorization, order status management, availability checks, routing selection, order type setup, and material handling processes.
Topic 6	• Introduction to SAP S • 4HANA Supply Chain Planning: This part covers the background and motivation for SAP S • 4HANA, its main components, business applications, and user experience strategy.

New C-TS422-2023 Exam Pass4sure - C-TS422-2023 Cert

We offer you free update for one year if you buy C-TS422-2023 study guide materials from us, that is to say, in the following year, you can obtain the latest information about the C-TS422-2023 study materials for free. In addition, with the experienced experts to compile, C-TS422-2023 exam dumps is high-quality, and it contain most of knowledge points of the exam, and you can also improve your ability in the process of learning. C-TS422-2023 Exam Dumps of us have received many good feedbacks from our customers, they thanks us for helping them pass the exam successfully.

SAP S/4HANA Cloud Private Edition - Production Planning and Manufacturing Sample Questions (Q73-Q78):

NEW QUESTION # 73
What can you use standard heuristics in Advanced Planning (PP/DS) for?

- A. To optimize costs and times in production plans
- B. To set default values in production master data
- C. To automate material movements in material staging
- D. To solve planning problems for defined objects

Answer: D

Explanation:
In SAP S/4HANA PP/DS,standard heuristicsare predefined algorithms (e.g., SAP_PP_002 for planning standard lots) executed in the planning run (/SAPAPO/CDPSB0) or interactively (/SAPAPO/RRP3). Their purpose is:
* To solve planning problems for defined objects(C): Heuristics address specific planning tasks for objects like materials, resources, or orders. For example, SAP_PP_002 creates planned orders to cover shortages, SAP_PP_020 sequences operations, and SAP_PP_007 adjusts schedules-each solving a distinct problem (e.g., demand coverage, capacity conflicts) based on defined parameters.
Automate material movements in staging(A) is handled by WM or Kanban, not PP/DS heuristics.Set default values in production master data(B) is a master data maintenance task (e.g., MM02), not a heuristic function.
Optimize costs and times(D) is possible with optimization tools (e.g., PP/DS Optimizer), not standard heuristics, which focus on rule-based planning. This is per SAP's PP/DS heuristic documentation.

NEW QUESTION # 74
Which chart types does the tabular planning table for capacity planning provide in SAP S/4HANA Cloud Private Edition?
Note: There are 2 correct answers to this question.

- A. Work center capacities chart
- B. Order (pool) chart
- C. Capacity requirements chart
- D. Orders (dispatched) chart

Answer: A,C

NEW QUESTION # 75
Mode selection is one of the scheduling options available with Advanced Planning in SAP S/4HANA.
When can you use mode selection?

- A. When multiple operations are maintained for one product
- B. When multiple planned orders exist on one resource
- C. When multiple production versions are maintained for one product
- D. When alternative resources are used within one operation

Answer: D

Explanation:
Mode selection is a feature that allows the system to choose the best mode for an activity based on the mode priority and the available capacity of the resources. A mode is a combination of a resource and a formula that determines the duration and quantity of an activity. An operation can have multiple activities, each with multiple modes. Mode selection can be used when an operation contains several activities, each of which is assigned several modes for different resources, and the system needs to determine which resource to use for each activity. Mode selection can also be used when an activity has several modes for the same resource, and

the system needs to determine which formula to use for the activity. Mode selection can be performed during the planning explosion or during the interactive planning. Reference: Mode Selection | SAP Help Portal, Mode Selection | SAP Help Portal

NEW QUESTION # 76
Which options do you have to plan both quantities capacities during line loading in repetitive manufacturing? Note: There are 2 correct answers to this question.

- A. Run PP/DS heuristics for repetitive manufacturing.
- B. Run MRP with automatic selection of production version.
- C. Assign planned orders manually in the planning table.
- D. Run MRP with quota arrangement.

Answer: A,D

NEW QUESTION # 77
What does forecasting in the dem planning cycle include?
Note: There are 3 correct answers to this question.

- A. Past sales order quantities
- B. Market intelligence
- C. Past production planning quantities
- D. Past quotation quantities
- E. Oneoff events

Answer: A,B,E

NEW QUESTION # 78
.....

With many advantages such as immediate download, simulation before the real test as well as high degree of privacy, our C-TS422-2023 actual exam survives all the ordeals throughout its development and remains one of the best choices for those in preparation for exams. Many people have gained good grades after using our C-TS422-2023 real test, so you will also enjoy the good results. Don't hesitate any more. Time and tide wait for no man. If you really long for recognition and success, you had better choose our C-TS422-2023 exam demo since no other exam demo has better quality than our C-TS422-2023 training questions.
