This preparation material comes with Up To 1 year OF Free Updates And Free Demos. Place your order now and get Real DP-900 Exam Questions with these offers.

Microsoft DP-900, also known as the Microsoft Azure Data Fundamentals Certification Exam, is a fundamental-level certification exam designed to test the foundational knowledge of candidates in various data-related concepts and technologies on the Microsoft Azure platform. Microsoft Azure Data Fundamentals certification exam is intended for those who are interested in pursuing a career in data analytics or database administration, and want to demonstrate their knowledge and skills in these areas.

What should you know about the Microsoft DP-900 exam?

The Microsoft DP-900 exam is 60 minutes long and consists of 40-60 questions of various types. Some of these formats may include multiple choice, active screen, drag and drop, build list, best answer, short answer, and case studies, among others. The candidates can find the examples of these question types on the official website. This certification test is designed to evaluate the competence of the professionals in using non-relational and relational data on Azure, as well as the analytics workload that is available on Azure. The exam fee is $99 and the applicants must pay it before registering for and scheduling their test. To complete this exam on the first try, they must achieve at least 720 points on a scale of 100-1000. The languages available for this test include English, German, Korean, Spanish, French, Japanese, and Simplified Chinese.

Microsoft Azure Data Fundamentals Exam is a stepping stone for professionals who want to pursue advanced certifications in data services. DP-900 Exam provides a strong foundation for individuals who want to specialize in data-related roles, such as data analysts, data engineers, or database administrators. Overall, Microsoft DP-900 certification exam is a valuable investment for professionals who want to gain recognition and credibility in the data services domain.
