## EXIN PRINCE2 7 Foundation written Exam Sample Questions (Q203-Q208):

### NEW QUESTION # 203

How should the 'progress' practice be used?

- A. To predict whether the benefits will exceed the costs
- B. To deliver change which will benefit people in their day-to-day work
- C. To define how the products will be delivered to enable control
- D. To identify opportunities that may make the project more successful

**Answer: A**

Explanation:

The 'progress' practice in PRINCE2 should be used to monitor and control the performance of the project against its plans and the project's overall direction. This includes predicting whether the benefits will exceed the costs, which is crucial for evaluating the project's ongoing viability and justifying the continuation of the project based on its forecasted value to the organization. References: (PRINCE2 7 Foundation Handbook, AXELOS)

### NEW QUESTION # 204

Which TWO are objectives of the 'managing a stage boundary' process?

1. To confirm to the project board that there are no products outstanding for the stage
  2. To ensure that expectations are managed via accurate reporting to the project manager during a stage
  3. To ensure that the project management team is not distracted by delivering additional products during the stage
  4. To request the project board to approve work to start on the next stage
- A. 1 and 2
  - B. 2 and 3
  - C. 1 and 4
  - D. 3 and 4

**Answer: C**

Explanation:

The objectives of the 'managing a stage boundary' process include confirming to the project board that there are no products outstanding for the stage (1) and requesting the project board to approve work to start on the next stage (4). These objectives ensure that each stage is properly concluded before moving to the next, maintaining project governance and alignment with planned objectives. References: PRINCE2 7 Foundation materials on the 'managing a stage boundary' process.

### NEW QUESTION # 205

According to the 'continued business justification' principle, when is a justifiable reason for a project FIRST needed?

- A. Before work to start the project commences
- B. When authorized by the corporate, programme management or the customer
- C. After the executive has been appointed
- D. When an organization produces its business plans

**Answer: A**

Explanation:

According to the 'continued business justification' principle in PRINCE2, a justifiable reason for a project is required before any work to start the project begins. This ensures that projects are initiated only when there is a clear business need, aligned with organizational objectives, and there is an expectation of value creation.

The business case is developed during the initial stages of the project and is maintained and reviewed throughout the project lifecycle. References: PRINCE2 Foundation Manual
