## Free PDF Quiz 300-745 - Accurate Valid Designing Cisco Security Infrastructure Exam Labs

Candidates are looking for valid 300-745 questions which belong to 300-745 urgently. If you need valid exam questions and answers, our high quality is standing out. We are confident that our 300-745 training online materials and services are competitive. Every year we spend much money and labor relationship on remaining competitive. We are trying to offer the best high passing-rate 300-745 Training Online materials with low price. Our exam materials will help you pass exam one shot without any doubt.

## Cisco Designing Cisco Security Infrastructure Sample Questions (Q59-Q64):

### NEW QUESTION # 59

After a recent security breach, a financial company is reassessing their overall security posture and strategy to better protect sensitive data and resources. The company already deployed on-premises next-generation firewalls at the network edge for each branch location. Security measures must be enhanced at the endpoint level. The goal is to implement a solution that provides additional traffic filtering directly on endpoint devices, thereby offering another layer of defense against potential threats. Which technology must be implemented to meet the requirement?

- A. traditional firewall
- **B. host-based firewall**
- C. web application firewall
- D. distributed firewall

**Answer: B**

Explanation:

A host-based firewall runs directly on endpoint devices, providing traffic filtering and protection at the endpoint level. This adds another layer of defense beyond the network edge firewalls, ensuring threats are mitigated closer to where sensitive data resides.

#### **NEW QUESTION # 60**

Which function does a DLP system perform when protecting application data?

- **A. Enforces policy compliance by inspecting data in transit**
- B. Inspects routing tables
- C. Provides segmentation using VLANs
- D. Redirects packets to edge firewalls

**Answer: A**

Explanation:

A Data Loss Prevention (DLP) system inspects data in transit (and at rest or in use) to ensure sensitive information is handled according to security policies.

#### **NEW QUESTION # 61**

A telecommunications company recently introduced a hybrid working model. Based on the new policy, employees can work remotely for 2 days per week if corporate equipment is used. The IT department is preparing corporate laptops to support users during the remote working days.

Which solution must the IT department implement that provides secure connectivity to corporate resources and protects sensitive corporate data even if a laptop is stolen?

- A. Umbrella
- B. Cisco Duo
- C. ISE Posture
- **D. Secure Client**

**Answer: D**

Explanation:

Cisco Secure Client (formerly AnyConnect) provides secure remote connectivity through VPN, ensuring encrypted access to corporate resources. It also integrates endpoint security features, protecting sensitive corporate data even if a laptop is stolen.

#### **NEW QUESTION # 62**

When designing security for applications distributed across multiple cloud providers, what is a key consideration?

- **A. Consistent identity and access policies**
- B. High-performance DHCP services
- C. Local proxy deployment
- D. MPLS cloud backbone routing

**Answer: A**

Explanation:

Consistent identity and access management policies across cloud providers ensure uniform security controls and simplify governance in multi-cloud environments.

### NEW QUESTION # 63

A technology company has many remote workers who access corporate resources from various locations. The company must ensure that security policies are managed and enforced directly on endpoints, and endpoints are protected from threats regardless of location. Which firewall architecture meets the requirements?

- A. traditional firewall
- **B. host-based firewall**
- C. web application firewall
- D. next-generation firewall

**Answer: B**

Explanation:

A host-based firewall enforces security policies directly on endpoints, ensuring they remain protected regardless of location. This architecture provides consistent defense for remote workers accessing corporate resources from outside the traditional network perimeter.

### NEW QUESTION # 64

.....

Our company never sets many restrictions to the 300-745 exam question. Once you pay for our study materials, our system will automatically send you an email which includes the installation packages. You can conserve the 300-745 real exam dumps after you have downloaded on your disk or documents. Whenever it is possible, you can begin your study as long as there has a computer. All the key and difficult points of the 300-745 exam have been summarized by our experts. They have rearranged all contents, which is convenient for your practice. Perhaps you cannot grasp all crucial parts of the 300-745 Study Tool by yourself. You also can refer to other candidates' review guidance, which might give you some help. Then we can offer you a variety of learning styles. Our printable 300-745 real exam dumps, online engine and windows software are popular among candidates. So you will never feel bored when studying on our 300-745 study tool.
