## HCL-HWA-ADM-102 New Study Questions, Valid HCL-HWA-ADM-102 Test Simulator

The HCLSoftware HCL-HWA-ADM-102 certification is one of the top-rated career advancement certifications in the market. This HCLSoftware Certified Administrator- HWA 10.2 (HCL-HWA-ADM-102) certification exam has been inspiring candidates since its beginning. Over this long time period, thousands of HCL-HWA-ADM-102 exam candidates have passed their HCLSoftware Certified Administrator- HWA 10.2 (HCL-HWA-ADM-102) certification exam and now they are doing jobs in the world's top brands. The TestPassed HCL-HWA-ADM-102 Dumps will provide you with everything that you need to learn, prepare and pass the challenging Network Security Specialist HCL-HWA-ADM-102 exam with flying colors. You must try TestPassed HCL-HWA-ADM-102 exam questions today.

## HCLSoftware Certified Administrator- HWA 10.2 Sample Questions (Q468-Q473):

### NEW QUESTION # 468

HCL HWA 10.2 certificate customization audit reveals default IBM CA still active alongside corporate CA. keytool -list shows 15 aliases. What cleanup sequence removes deprecated certificates safely?

- A. for alias in \$(keytool -list |grep IBM |awk '{print \$2}'); do keytool -delete -alias \$alias -keystore keystore.jks; done
- B. Only active alias used by serverKeyAlias matters, ignore others
- C. rm -rf TWS\_eclipse/ssl/\* .jks; regenerate default certificates via twscert
- D. keytool -delete -alias ibm-\* -keystore keystore.jks -storepass tws; keytool -list -v |grep -i expired

**Answer: A**

Explanation:

Automated cleanup of IBM default certificates. BASH loop: for alias in \$(keytool -list -keystore \$TWA\_HOME/TWS\_eclipse/ssl/keystore.jks | grep "ibm-" | awk -F'[ ' '{print \$1}' | xargs); do keytool -delete -alias "\$alias" -keystore \$TWA\_HOME/TWS\_eclipse/ssl/keystore.jks -storepass tws; done removes deprecated aliases. Verify keytool -list shows only corporate CA chain.

### NEW QUESTION # 469

HCL HWA 10.2 zLinux s390x agent installation completes but job submission fails: "ENM5003E Cannot initialize OCI". Oracle 19c Instant Client misconfigured. Required LD\_LIBRARY\_PATH setting in agent environment?

- A. export LD\_LIBRARY\_PATH=\$TWA\_HOME/oda/lib/sles:\$ORACLE\_HOME/lib:\$LD\_LIBRARY\_PATH
- B. ln -s \$ORACLE\_HOME/lib/libsqora.so.19.1 \$TWA\_HOME/oda/lib/libsqora.so.11.1
- C. Set ODA\_LIBPATH in localopts to \$ORACLE\_HOME/lib64 first
- D. twsinst -agent -oracle\_home /opt/oracle/product/19c/dbhome\_1 -oracle\_lib\_dir /opt/oracle/lib

**Answer: D**

Explanation:

zLinux agent requires explicit Oracle Instant Client paths during installation. twsinst -agent -inst\_dir /opt/hcl/twa\_z-oracle\_home /opt/oracle/instantclient\_19\_12 -oracle\_lib\_dir /opt/oracle/instantclient\_19\_12 creates correct symlinks. Verify ldd \$TWA\_HOME/oda/bin/SQLORAexec shows oracle libraries resolved.

### NEW QUESTION # 470

In a scenario requiring rebranding of the Dynamic Workload Console in HCL Workload Automation 10.2.4, after placing custom files, which action is necessary to apply the changes?

- A. Update the engine connection and reconnect
- B. Clear browser cache only
- C. Restart the WebSphere Application Server Liberty profile hosting the console
- D. Run optman chg command to refresh settings

**Answer: C**

Explanation:

Custom branding files like logo and favicon are loaded by the Dynamic Workload Console application server. After placing the files in the correct customization directory, restarting the Liberty profile server is required for the new assets to be served to users upon login.

### NEW QUESTION # 471

Scenario: Multiple job streams have varying carry forward needs. How can global settings influence default behavior without overriding explicit job stream settings?

- A. Define carryforward in a prototype job stream

- B. Enable global carry in security file
- **C. Set enCarryForward to yes for default carry of uncompleted**
- D. Set stageman default in localopts
- E. Use carryStates to filter states globally

**Answer: C**

Explanation:

The enCarryForward global option sets the default behavior for job streams without an explicit carryforward keyword. Setting it to yes carries uncompleted job streams by default, while explicit settings in individual job stream definitions take precedence.

#### **NEW QUESTION # 472**

Scenario: In a high-availability HCL Workload Automation 10.2 environment with master and backup dynamic domain managers, after performing a switchmanager to the backup, dynamic jobs fail to submit with AWSJOM177E error indicating the workload broker server is unreachable for pool workstations. What are the root causes and required corrective actions? (Select three)

- **A. Temporary switch does not propagate broker configuration automatically**
- B. Broker.Workstation.PortSSL property mismatch between primary and backup
- **C. Database fields in PPS\_PRODUCT\_PROPERTIES table not updated correctly after switch**
- **D. Manual update of dynamic domain manager database to reflect new broker workstation**
- E. Restart WebSphere Liberty on both master and backup to force replication

**Answer: A,C,D**

Explanation:

When switching a dynamic domain manager to backup, the operation appears successful via command line, but internal database entries in PPS\_PRODUCT\_PROPERTIES remain pointed to the original dynamic domain manager, causing the workload broker server to be seen as unreachable for dynamic pools and agents. Temporary switches do not automatically update these persistent properties. The resolution involves manually correcting the database entries to reference the current active broker workstation, ensuring consistency for dynamic workload brokering.

#### **NEW QUESTION # 473**

.....

For candidates who have little time to prepare for the exam, buying high-quality HCL-HWA-ADM-102 exam materials is quite necessary. With the experienced professionals to edit, HCL-HWA-ADM-102 exam materials of us are high-quality, and they will help you pass the exam and get the certificate just one time. You just need to spend about 48 to 72 hours on practicing, and you can pass the exam. We also pass guarantee and money back guarantee if you fail to pass the exam. We provide you with free update for 365 days if you purchase HCL-HWA-ADM-102 Exam Materials from us.
