

# Free PDF 2026 Perfect 1Z0-1042-25: Oracle Cloud Infrastructure 2025 Application Integration Professional Study Tool

2026 Latest PracticeTorrent 1Z0-1042-25 PDF Dumps and 1Z0-1042-25 Exam Engine Free Share:  
<https://drive.google.com/open?id=1cwVbkLcK4GY0g5JkKEc8G6x8nFsqmQYO>

By using PracticeTorrent 1Z0-1042-25 exam questions, you will be able to understand the real exam 1Z0-1042-25 scenario. It will help you get verified 1Z0-1042-25 answers and you will be able to judge your 1Z0-1042-25 preparation level for the 1Z0-1042-25 exam. More importantly, it will help you understand the real 1Z0-1042-25 exam feel. You will be able to check the real exam scenario by using this specific 1Z0-1042-25 Exam PDF questions. Our Oracle experts are continuously working on including new 1Z0-1042-25 questions material and we provide a guarantee that you will be able to pass the 1Z0-1042-25 exam on the first attempt.

## Oracle 1Z0-1042-25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Getting Started with OIC Integrations: This section of the exam measures the skills of Integration Specialists and Cloud Engineers in understanding the foundational components of Oracle Integration Cloud (OIC). It covers key integration concepts, how integrations work, and web services fundamentals such as WSDL, SOAP, REST, and JSON. The focus is on building a strong understanding of OIC's integration capabilities.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>Testing, Monitoring, and Troubleshooting Integrations: This section assesses the abilities of Support Engineers and Integration Administrators in managing integration lifecycles. It includes activating and deactivating integrations, testing REST-triggered integrations, importing and exporting integrations, as well as monitoring and troubleshooting integration instances to ensure smooth operations.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>Creating Orchestrated Integrations: This section tests the knowledge of Orchestration Developers and Business Process Analysts in managing orchestrated integrations within OIC. It includes using lookups, data mappers, and custom JavaScript libraries, configuring orchestration flow actions, implementing file handling options, and leveraging the fault-handling framework to manage errors effectively.</li></ul>
Topic 4	<ul style="list-style-type: none"><li>Using OIC Connections &amp; Adapters: This section evaluates the expertise of Integration Developers and Solution Architects in creating and configuring OIC connections. It includes setting up trigger and invoke connections, understanding the role of the Connectivity Agent, and effectively using adapters to connect cloud and on-premises applications seamlessly.</li></ul>
Topic 5	<ul style="list-style-type: none"><li>Creating Scheduled Integrations: This domain measures the skills of Automation Engineers and Cloud Administrators in defining integration schedules and converting scheduled integrations to app-driven ones. It also includes using scheduled parameters to automate workflows efficiently.</li></ul>

## Latest 1Z0-1042-25 Guide Files & Pass 1Z0-1042-25 Rate

We will offer you the privilege of 365 days free update for 1Z0-1042-25 latest exam dumps. While, other vendors just give you 90 days free update. As a wise person, it is better to choose our 1Z0-1042-25 study material without any doubts. Due to the high quality and 1Z0-1042-25 accurate questions & answers, many people have passed their actual test with the help of our products. Now, quickly download 1Z0-1042-25 free demo for try. You will get 100% pass with our verified 1Z0-1042-25 training vce.

## Oracle Cloud Infrastructure 2025 Application Integration Professional Sample Questions (Q64-Q69):

### NEW QUESTION # 64

Which statement about Oracle Integration Cloud (OIC) is NOT valid?

- A. An application-driven integration can contain one or more trigger (source) connections for requests sent to OIC and one or more invoke (target) connections for requests sent from OIC.
- B. OIC lookups are based on a static definition, meaning you create and populate them during design time, and cannot be changed by runtime activities.
- C. When you open the mapper for a request or response message in an integration, the data structures are automatically populated with the information pulled from the source and target connections.
- D. Using the connectivity agent, you can create hybrid integrations and exchange messages between applications in private or on-premises networks and OIC.

**Answer: A**

Explanation:

Comprehensive and Detailed Explanation:

OIC fundamentals:

Option A: True-lookups are static, design-time artifacts.

Option B: True-connectivity agents enable hybrid integrations.

Option D: True-the mapper auto-populates from connection schemas.

Option C: False-application-driven (app-driven) integrations typically have one trigger connection; multiple triggers require separate integrations or event patterns, making this invalid.

C misrepresents OIC's app-driven pattern.

### NEW QUESTION # 65

Which are valid considerations when leveraging the Oracle Integration Cloud (OIC) connectivity agent for high availability on-premises environments? Select TWO.

- A. You cannot have more than two agent instances per agent group. Attempting to include a third agent instance in the same group during installation results in an error.
- B. File adapter is not supported in high availability environments. When using file adapter and if some groups have multiple instances, use a dedicated agent group (with one agent only).
- C. You need to have the OIC ServiceDeployer role permissions to download and install the OIC on-premises connectivity agent.
- D. You should install the connectivity agents on the same host as the target application, and then specify different agent group identifiers for each agent during its installation.
- E. Each host on which the agent is installed must be configured on separate subnets and assigned to the same OIC agent group.

**Answer: A,B**

Explanation:

Comprehensive and Detailed Explanation:

HA Agent:

C, D: True-limit of two agents and File adapter restriction.

### NEW QUESTION # 66

Which statement is valid regarding connection resources in Oracle Integration Cloud (OIC)?

- A. Connection resources can be configured with either a Trigger role or an Invoke role, but not both.
- **B. All connection resources must be associated with an adapter type regardless of role configuration.**
- C. Each connection associated with a SaaS adapter type also requires a lookup component configuration.
- D. All connection configurations require the association of an active OIC Connectivity Agent group.

**Answer: B**

Explanation:

Comprehensive and Detailed Explanation:

Connections in OIC:

C:True-all connections require an adapter type (e.g., REST, SOAP) to define interaction.

A:False-lookups are optional.

B:False-agents are only for on-premises access.

### NEW QUESTION # 67

To use Integration Insight to map milestones to actions in an Oracle Integration Cloud (OIC) business process implementation, certain prerequisites and conditions must be met.

Which is NOT a valid consideration for models and mapping milestones?

- A. Extraction criteria for the milestone indicator is defined with an XPath expression.
- B. The model must be in Draft state in order to map a milestone to an integration action.
- C. Extraction criteria for the instance unique identifier is defined with an XPath extension.
- **D. A business process implementation can be mapped to milestones within only one model.**
- E. Milestones in a single model can be mapped to multiple business processes.

**Answer: D**

Explanation:

A business process implementation can be mapped to milestones across multiple models, making B the incorrect statement.

Milestones can be used in complex scenarios, shared between processes, and can be identified with XPath expressions.

### NEW QUESTION # 68

You need to create an Oracle Integration Cloud (OIC) integration that processes many records individually that are contained within a large file. You have been advised to use an implementation approach that uses the Download File operation of an FTP adapter in conjunction with the Stage File Action Read File in Segments operation to mitigate issues with memory consumption. When using this approach, which is a valid consideration regarding the use of the Read File in Segments operation?

- A. The Read File in Segments operation allows you to process the segments sequentially or in parallel.
- B. You must provide the actual filename because file references cannot be processed by the Read File in Segments operation.
- **C. You need to explicitly configure a Scope action for this operation if you want to add additional actions during the processing of each segment.**
- D. Segment sizes default to 50 records but can be configured to any other segment size.

**Answer: C**

Explanation:

Comprehensive and Detailed Explanation:

Segmented File Processing:

C:True-Scope is required for per-segment actions.

### NEW QUESTION # 69

.....

Learning with our 1Z0-1042-25 learning guide is quiet a simple thing, but some problems might emerge during your process of 1Z0-1042-25 exam materials or buying. Considering that our customers are from different countries, there is a time difference between

us, but we still provide the most thoughtful online after-sale service twenty four hours a day, seven days a week, so just feel free to contact with us through email anywhere at any time. For customers who are bearing pressure of work or suffering from career crisis, Oracle Cloud Infrastructure 2025 Application Integration Professional learn tool of inferior quality will be detrimental to their life, render stagnancy or even cause loss of salary. So choosing appropriate 1Z0-1042-25 Test Guide is important for you to pass the exam. One thing we are sure, that is our 1Z0-1042-25 certification material is reliable.
