To get a better and full understanding of our Salesforce-Slack-Administrator quiz torrent, you can just free download the demo of our Salesforce-Slack-Administrator exam questions.

Salesforce Certified Slack Administrator Sample Questions (Q186-Q191):

NEW QUESTION # 186

You're an Org Owner at a financial company and administer 20 workspaces on a Slack Enterprise Grid plan. Your company is concerned about staying in compliance with government-mandated regulatory requirements across all communication tools.

What is the first step you should take to ensure that communications remain compliant for your company?

(Select the best answer.)

- A. Promote a member of your compliance team to Org Owner.
- B. Implement a 24-hour retention policy in Slack to ensure that sensitive communications are removed within a day.
- **C. Meet with your compliance and legal teams to set policies for Slack at your company.**
- D. Implement eDiscovery within Slack to ensure that all communications are archived.

Answer: C

Explanation:

Slack compliance best practices state:

"Before configuring Slack for compliance, companies should meet with legal and compliance teams to set internal communication, retention, and monitoring policies tailored to regulatory requirements." Implementing eDiscovery (D) is important later, but setting policies first ensures the correct technology choices. B and C may not align with regulatory needs without first setting clear policies. -

NEW QUESTION # 187

You're a member of a public Slack Connect channel that is being used to collaborate with members of a partner organization. You can see that one of your primary contacts at the partner organization is already a member of the channel, but they're having trouble locating the channel in their Slack instance.

You send them the channel name in a direct message (DM) so that they can search it in Slack, but they still cannot locate the channel.

What is the reason for this?

(Select the best answer.)

- **A. The Slack Connect channel may have a different name in the partner organization's workspace.**
- B. The employee of the partner organization does not have posting permissions in the channel.
- C. The Slack Connect channel is private in the partner organization's workspace, so the employee cannot search for it.
- D. The employee of the partner organization is not a member of the Slack Connect channel.

Answer: A

Explanation:

In Slack Connect, the same channel can have different names in each participating organization's workspace:

"Slack Connect channels may appear with different names in each organization. Members need to search by the name it appears in their own workspace." Therefore, even though you sent the channel name from your side, the user on the partner organization side needs to find it by the name assigned in their workspace. It is not an issue of membership (A), posting permissions (C), or privacy settings (B) in this case.

(Reference: Slack Administration Study Guide - Slack Connect Channel Management)

NEW QUESTION # 188

Bella is a Workspace Admin at a company with 3,500 employees. She is receiving complaints from her colleagues that "Slack is too noisy". Her team is bothered by frequent use of @here and @channel in public channels. She has never evaluated or changed the default settings, so she wants to change how those notifications work in her workspace.

How can Bella change her workspace's messaging restrictions to minimize disruption?

- A. Restrict @here and @channel usage to Owners and Admins only.
- B. DM each user who uses the @here and @channel mentions and ask them not to do this in large channels.
- C. Set @here and @channel to be used only in private channels, where membership is more limited.
- **D. Restrict public channel posting to just Owners and Admins.**

Answer: D

NEW QUESTION # 189

Oleg is a Workspace Owner, and his company is on the Plus plan.

Oleg's company requires all messages to be saved for the history of the workspace. He has already ensured that only Owners and Admins can delete messages.

Which additional settings should be selected to maintain the message history of the workspace?

- A. Message Retention & Deletion set to "Keep all messages but don't track revisions" for public channels, private channels, DMs, and not allowing overrides
- **B. Message Retention & Deletion set to "Keep everything" for public channels, private channels, DMs, and allowing overrides**
- C. Message Retention & Deletion set to "Keep all messages but don't track revisions" for public channels, private channels, DMs, and allowing overrides
- D. Message Retention & Deletion set to "Keep everything" for public channels, private channels, DMs, and not allowing overrides

Answer: B

NEW QUESTION # 190

You're a Workspace Admin on the Slack Pro plan. Your compliance team asks you to prevent users from creating free workspaces with their organization email addresses.

What should you recommend?

- A. stay on the Slack Pro plan, and enable domain claiming.
- B. Upgrade to the Slack Business+ plan, and enable Enterprise Key Management (EKM).
- C. Ask your Org Owner to enable two-factor authentication (2FA).
- **D. Upgrade to the Slack Enterprise Grid plan, and enable domain claiming.**

Answer: D
