## Microsoft 365 Fundamentals Sample Questions (Q171-Q176):

### NEW QUESTION # 171

An organization is moving to Microsoft Azure and Microsoft 365.

You need to classify the following components:

website hosting

a virtual machine that runs Linux

document storage that uses OneDrive for Business

Match each component to its classification. To answer, drag the appropriate components from the column on the left to its classifications on the right. Each component may be used once, more than once, or not at all.

NOTE: Each correct selection is worth one point.

| Classifications                    | Component  | Classification |
|------------------------------------|--|----------------|
| Platform as a service (PaaS)       | website hosting                                  |                |
| Software as a service (SaaS)       | a virtual machine that runs Linux                |                |
| Infrastructure as a service (IaaS) | document storage that uses OneDrive for Business |                |

Answer:

Explanation:

| Classifications                    | Component  | Classification                     |
|------------------------------------|--|------------------------------------|
| Platform as a service (PaaS)       | website hosting                                  | Platform as a service (PaaS)       |
| Software as a service (SaaS)       | a virtual machine that runs Linux                | Infrastructure as a service (IaaS) |
| Infrastructure as a service (IaaS) | document storage that uses OneDrive for Business | Software as a service (SaaS)       |

| Component  | Classification                     |
|--|------------------------------------|
| website hosting                                  | Platform as a service (PaaS)       |
| a virtual machine that runs Linux                | Infrastructure as a service (IaaS) |
| document storage that uses OneDrive for Business | Software as a service (SaaS)       |

### NEW QUESTION # 172

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

| Statement  | Yes                   | No                    |
|--|-----------------------|-----------------------|
| By default, all Microsoft 365 subscribers are configured for targeted release.   | <input type="radio"/> | <input type="radio"/> |
| To enable or disable targeted releases in an organization, select each user who should receive early access to features and functionality from a list.       | <input type="radio"/> | <input type="radio"/> |
| To enable Microsoft Office Insider release in an organization, select each user who should receive preview access to features and functionality from a list. | <input type="radio"/> | <input type="radio"/> |

**Answer:**

**Explanation:**

| Statement  | Yes                              | No                               |
|--|----------------------------------|----------------------------------|
| By default, all Microsoft 365 subscribers are configured for targeted release.   | <input type="radio"/>            | <input checked="" type="radio"/> |
| To enable or disable targeted releases in an organization, select each user who should receive early access to features and functionality from a list.       | <input checked="" type="radio"/> | <input type="radio"/>            |
| To enable Microsoft Office Insider release in an organization, select each user who should receive preview access to features and functionality from a list. | <input type="radio"/>            | <input checked="" type="radio"/> |

**Explanation:**

| Statement  | Yes                              | No                               |
|--|----------------------------------|----------------------------------|

### NEW QUESTION # 173

A company is evaluating Microsoft cloud services.

Instructions: For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

**Answer Area**

| Statements   | Yes                   | No                    |
|--|-----------------------|-----------------------|
| Microsoft Teams can run as a service on-premises.                | <input type="radio"/> | <input type="radio"/> |
| Microsoft Exchange Server 2019 can run as a service on-premises. | <input type="radio"/> | <input type="radio"/> |
| Microsoft Bookings can run as a service in the cloud.            | <input type="radio"/> | <input type="radio"/> |

**Answer:**

**Explanation:**

| Answer Area  |                                  |                                  |
|--|----------------------------------|----------------------------------|
| Statements   | Yes                              | No                               |
| Microsoft Teams can run as a service on-premises.                | <input type="radio"/>            | <input checked="" type="radio"/> |
| Microsoft Exchange Server 2019 can run as a service on-premises. | <input checked="" type="radio"/> | <input type="radio"/>            |
| Microsoft Bookings can run as a service in the cloud.            | <input checked="" type="radio"/> | <input type="radio"/>            |

| Statements   | Yes                              | No                               |
|--|----------------------------------|----------------------------------|
| Microsoft Teams can run as a service on-premises.                | <input type="radio"/>            | <input checked="" type="radio"/> |
| Microsoft Exchange Server 2019 can run as a service on-premises. | <input checked="" type="radio"/> | <input type="radio"/>            |
| Microsoft Bookings can run as a service in the cloud.            | <input checked="" type="radio"/> | <input type="radio"/>            |

### NEW QUESTION # 174

An organization migrates to Microsoft 365. The company has an on-premises infrastructure that includes Exchange Server and Active Directory Domain Services. Client devices run Windows 7.

You need to determine which products require the purchase of Microsoft 365 licenses for new employees.

Which product licenses should the company purchase? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

| Product license                  | License required                            |
|----------------------------------|---|
| Windows 10 Pro Upgrade           | <div>Required</div> <div>Not required</div> |
| Microsoft Office Professional    | <div>Required</div> <div>Not required</div> |
| Windows Server                   | <div>Required</div> <div>Not required</div> |
| Microsoft Exchange Client Access | <div>Required</div> <div>Not required</div> |

Answer:

Explanation:

| Product license                  | License required                            |
|----------------------------------|---|
| Windows 10 Pro Upgrade           | <div>Required</div> <div>Not required</div> |
| Microsoft Office Professional    | <div>Required</div> <div>Not required</div> |
| Windows Server                   | <div>Required</div> <div>Not required</div> |
| Microsoft Exchange Client Access | <div>Required</div> <div>Not required</div> |

Explanation:

## Product license

## License required

Windows 10 Pro Upgrade

|              |   |
|--------------|---|
|              | ▼ |
| Required     |   |
| Not required |   |

|              |   |
|--------------|---|
|              | ▼ |
| Required     |   |
| Not required |   |

Windows Server

|              |   |
|--------------|---|
|              | ▼ |
| Required     |   |
| Not required |   |

Microsoft Exchange Client Access

|              |   |
|--------------|---|
|              | ▼ |
| Required     |   |
| Not required |   |
