CrowdStrike Falcon Administrator Braindumps pdf - CCFA-200b study guide

The client can try out and download our CCFA-200b training materials freely before their purchase so as to have an understanding of our product and then decide whether to buy them or not. The website pages of our product provide the details of our CCFA-

200b learning questions. You can see the demos which are part of the all titles selected from the test bank and the forms of the questions and answers and know the form of our software on the website pages of our study materials.

CrowdStrike Falcon Administrator Sample Questions (Q163-Q168):

NEW QUESTION # 163

What best describes the effect of disabling detections for a host?

- A. Detections for the host are removed from the console immediately and cannot be restored unless the sensor is reinstalled
- **B. Detections for the host are removed from the console immediately and no new detections display in the console going forward until re-enabled**
- C. You cannot disable detections for a single host and are only able to prevent detections via allowlisting
- D. Existing detections for the host remain, but no new detections will be presented in the console going forward until re-enabled

Answer: B

NEW QUESTION # 164

Where in the Falcon console can information about supported operating system versions be found?

- **A. Support module**
- B. Configuration module
- C. Discover module
- D. Intelligence module

Answer: A

Explanation:

Information about supported operating system versions can be found in the Support module in the Falcon console. This module provides access to various support resources, such as documentation, downloads, FAQs, release notes and system status. One of the documents available in this module is the CrowdStrike Sensor Compatibility List, which lists the supported operating system versions for each sensor type and platform. The other options are either incorrect or not related to finding information about supported operating system versions.

NEW QUESTION # 165

Which of the following is TRUE regarding disabling detections for a host?

- A. After disabling detections, the host will operate in Reduced Functionality Mode (RFM) until detections are enabled
- B. The DetectionSummaryEvent continues being sent to the Streaming API for that host
- **C. The detections for that host are removed from the console immediately. No new detections will display in the console going forward unless detections are enabled**
- D. After disabling detections, the data for all existing detections prior to disabling detections is removed from the Event Search

Answer: C

Explanation:

The option that is true regarding disabling detections for a host is that the detections for that host are removed from the console immediately. No new detections will display in the console going forward unless detections are enabled. This option is essentially a repetition of question 127 and its answer. Disabling detections for a host will remove any existing detections for that host from the console and prevent any new detections from appearing in the console until detections are enabled again.

NEW QUESTION # 166

Where would you apply a configuration to allow IP addresses over which your hosts will always be allowed to communicate, even if a host is contained?

- A. Maintenance Token

- B. IP Allowlist Management
- C. Response Policies
- **D. Containment Policy**

Answer: D

NEW QUESTION # 167

Which role will allow someone to manage quarantine files?

- A. Endpoint Manager
- **B. Falcon Security Lead**
- C. Falcon Analyst ?Read Only
- D. Detections Exceptions Manager

Answer: B

Explanation:

The role that will allow someone to manage quarantine files is Falcon Security Lead. This role allows users to view and manage quarantined files, as well as release them from quarantine or download them for further analysis. The other roles do not have this capability.

NEW QUESTION # 168

.....

It is browser-based; therefore no need to install it, and you can start practicing for the CrowdStrike Falcon Administrator (CCFA-200b) exam by creating the CrowdStrike CCFA-200b practice test.
