## 100% Pass Network Appliance - NS0-005 - Authoritative NetApp Technology Solutions Professional Exam PDF VCE

The ValidDumps NetApp Technology Solutions Professional Exam (NS0-005) PDF dumps file work with all devices and operating system. You can easily install the NS0-005 exam questions file on your desktop computer, laptop, tabs, and smartphone devices and start NetApp Technology Solutions Professional Exam (NS0-005) exam dumps preparation without wasting further time. Whereas the other two ValidDumps Network Appliance NS0-005 Practice Test software is concerned, both are the mock NetApp Technology Solutions Professional Exam (NS0-005) exam that will give you a real-time NS0-005 practice exam environment for preparation.

## Network Appliance NetApp Technology Solutions Professional Exam Sample Questions (Q139-Q144):

### NEW QUESTION # 139

An associate is using NetApp BlueXP to replicate data to NetApp Cloud Volumes ONTAP from a NetApp AFF system for disaster recovery purposes.

What must be done to the SnapMirror relationship to activate the destination volume for data access?

- A. delete
- B. resync
- C. break
- D. update

**Answer: C**

Explanation:

= To activate the destination volume for data access, you must quiesce and break the SnapMirror relationship. Quiescing disables future SnapMirror data transfers, and breaking makes the destination volume read-write. This allows you to use the destination volume for disaster recovery purposes.

References = Breaking the SnapMirror relationship, Manage mirror relationships with System Manager, Create the SnapMirror relationship

#### **NEW QUESTION # 140**

You are currently performing all the important administrator and maintenance tasks for your system, and need to delegate work to the staff so that you can attend to other issues. Which approach will you take to ensure that your systems are safe?

- A. Employ the principle of least privilege.
- B. Provide all users with power user access.
- C. Employ mandatory integrity control.
- D. Provide all users with administrator access.

**Answer: A**

#### **NEW QUESTION # 141**

Where would you create an export policy?

- A. in an aggregate
- B. in a RAID group
- C. in an SVM
- D. in a FlexVol volume

**Answer: C**

#### **NEW QUESTION # 142**

What are two NetApp on-premises data storage systems that can be discovered and managed in NetApp BlueXP? (Choose two.)

- A. E-Series
- B. Element clusters
- C. Astra Data Store
- D. StorageGRID

**Answer: A,D**

Explanation:

A). E-Series: NetApp E-Series is a line of high-performance storage systems that are known for their reliability and efficiency, especially in data-intensive environments. These systems can be managed and monitored through NetApp BlueXP, allowing for centralized management and visibility.

D). StorageGRID: NetApp StorageGRID is an object storage solution designed for managing large-scale unstructured data. It is suitable for hybrid cloud environments and can be integrated with NetApp BlueXP for management and monitoring, providing a comprehensive view of data across various storage environments.

#### **NEW QUESTION # 143**

Which of the following is a characteristic of Type 1 hypervisors in virtualization technology?

- A. Offers lower performance compared to Type 2 hypervisors
- B. Runs on top of an existing operating system
- C. Primarily used for desktop virtualization
- D. Directly runs on the physical hardware

**Answer: D**

## NEW QUESTION # 144

One of the best ways to prepare for the Network Appliance NS0-005 exam is to study the NetApp Technology Solutions Professional Exam (NS0-005) exam questions. Familiarizing yourself with the NS0-005 certification using practice test on real-world data sets can help you build your confidence and prepare you for the exam. Additionally, taking NS0-005 Exam Questions and quizzes can help you identify areas where you need to improve and gauge your understanding of the material.
