

# 300-620 Dumps Guide, Test 300-620 Tutorials

DOWNLOAD the newest ITexamReview 300-620 PDF dumps from Cloud Storage for free: [https://drive.google.com/open?id=1ul\\_qwIqQjRYPdh31SatuNaa\\_uvhN\\_Bm8](https://drive.google.com/open?id=1ul_qwIqQjRYPdh31SatuNaa_uvhN_Bm8)

All contents of 300-620 training prep are made by elites in this area rather than being fudged by laymen. Let along the reasonable prices of our 300-620 exam materials which attracted tens of thousands of exam candidates mesmerized by their efficiency by proficient helpers of our company. Any difficult posers will be solved by our 300-620 Quiz guide. And we have free demos of our 300-620 study braindumps for you to try before purchase.

Taking 300-620 practice exams is also important because it helps you overcome your mistakes before the final attempt. When we talk about the Implementing Cisco Application Centric Infrastructure (300-620) certification exam, the Cisco 300-620 practice test holds more scoring power because it is all about how you can improve your 300-620 Exam Preparation. ITexamReview offers desktop practice exam software and web-based 300-620 practice tests. These 300-620 practice exams help you know and remove mistakes.

## Quiz Updated 300-620 - Implementing Cisco Application Centric Infrastructure Dumps Guide

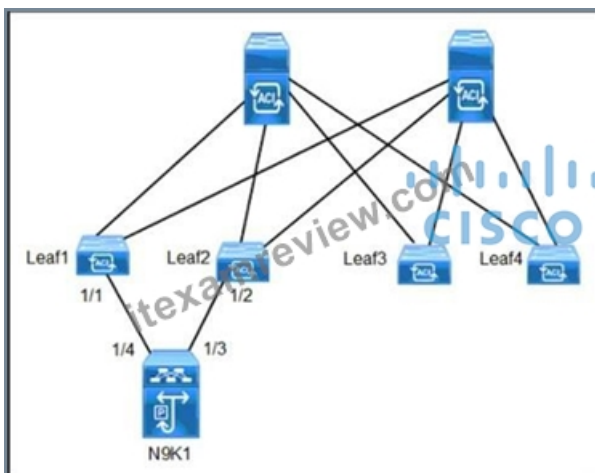

Our 300-620 guide tests can solve these problems perfectly, because our study materials only need little hours can be grasped. Once you use our 300-620 latest dumps, you will save a lot of time. High effectiveness is our great advantage. After twenty to thirty hours' practice, you are ready to take the real 300-620 Exam Torrent. The results will never let you down. You just need to wait for obtaining the certificate.

Cisco 300-620 Exam covers a wide range of topics related to Cisco ACI, including fabric infrastructure, access policies, maintenance, and troubleshooting. 300-620 exam also includes practical lab exercises that test the candidate's ability to configure and troubleshoot Cisco ACI solutions in a real-world setting. Passing the exam requires a solid understanding of Cisco ACI architecture, protocols, and best practices.

## Cisco Implementing Cisco Application Centric Infrastructure Sample Questions (Q288-Q293):

### NEW QUESTION # 288

Refer to the exhibit. A Cisco ACI fabric has four access policy groups. The VPC reciprocal protection group has been defined. The N9K1 trunks VLANs 10-20 to ACI leaf switches. Which policy group must be associated with Eth1/1 and Eth1/2 to complete the deployment?

"dn": "uni/infra/funcprof/accportgrp-PEGRKAL12_PolGrp"	PEGRKAL12_PolGrp
"dn": "uni/infra/funcprof/accbundle-PEGRPAL11_PolGrp", "lagT": "link"	PEGRPAL11_PolGrp
"dn": "uni/infra/funcprof/accbundle-PEGRMET12_PolGrp", "lagT": "node"	PEGRMET12_PolGrp
"dn": "uni/infra/funcprof/brkoutportgrp-PEGRKIF11_PolGrp"	PEGRKIF11_PolGrp

- A. PEGRKAL12\_PolGrp
- **B. PEGRMET12\_PolGrp**
- C. PEGRKIF11\_PolGrp
- D. PEGRPAL11\_PolGrp

**Answer: B**

Explanation:

The fabric links from N9K1 to two separate ACI leaves form a VPC-style multi-node port channel.

You must use the policy group with lagT = node (PEGRMET12\_PolGrp) so that both Eth1/1 and Eth1/2 are treated as one port-channel across leaf1 and leaf2.

#### NEW QUESTION # 289

A Cisco ACI fabric is experiencing packet loss that originates from a bare metal server. The engineer must configure the syslog service to meet these requirements:

- The ACI syslog information must be collected with logging information from other network devices.
- The monitoring must only be performed on leaf 103 and leaf 104.

Which set of actions accomplishes these goals?

- A. Configure the Syslog Monitoring Destination Group to Console logging.  
Create an Access Monitoring policy for egress packet drops.  
Apply the Monitoring policy to the appropriate Switch Profile group.
- **B. Configure the Syslog Monitoring Destination Group to remote server logging.  
Create an Access Monitoring policy for ingress and egress packet drops.  
Apply the Monitoring policy to the appropriate Switch Profile group.**
- C. Configure the Syslog Monitoring Destination Group to Console logging.  
Create a Fabric-Wide Monitoring policy for ingress packet drops.  
Apply the Monitoring policy to the appropriate Switch Profile group.
- D. Configure the Syslog Monitoring Destination Group to Local File logging.  
Create a Fabric Monitoring policy for ingress and egress bytes.  
Apply the Monitoring policy to the appropriate Switch Profile group.

**Answer: B**

### NEW QUESTION # 290

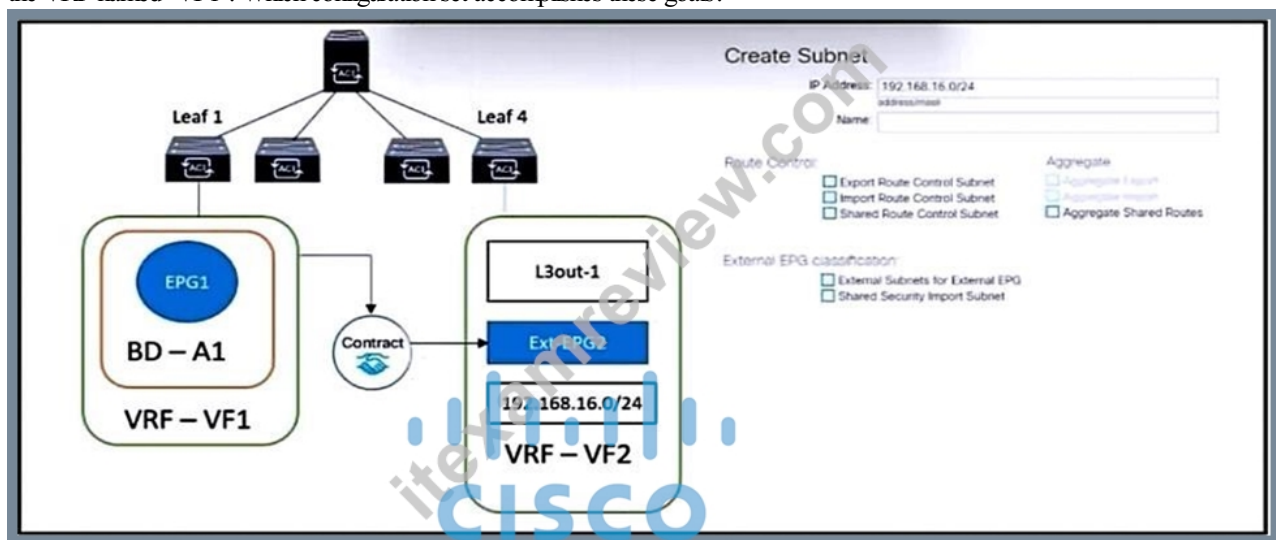

What are two PBR characteristics of the Cisco ACI Active-Active Across Pods deployment mode in Cisco ACI Multi-Pod design? (Choose two.)

- A. Deployment occurs in transparent mode.
- B. Deployment occurs in go-to mode only.
- C. Traffic is dynamically redirected to the firewall that owns the connection.
- D. This mode causes the traffic to flow asymmetrically.
- E. The connection state is unsynchronized.

Answer: C,E

### NEW QUESTION # 291

Refer to the exhibit. The external subnet and internal EPG1 must communicate with each other, and the L3Out traffic must leak into the VRF named "VF1". Which configuration set accomplishes these goals?

- A. External Subnets for External EPG  
Import Route Control Subnet  
Shared Route Control Subnet
- B. Export Route Control Subnet  
Import Route Control Subnet  
Aggregate Shared Routes
- C. Export Route Control Subnet  
Shared Security Import Subnet  
Aggregate Shared Routes
- D. External Subnets for External EPG  
Shared Route Control Subnet  
Shared Security Import Subnet

Answer: D

### NEW QUESTION # 292

An engineer must ensure that Cisco ACI flushes the appropriate endpoints when a topology change notification message is received in an MST domain. Which three steps are required to accomplish this goal? (Choose three.)

- A. Configure a new STP interface policy.
- B. Associate the STP interface policy to the appropriate interface policy group.
- C. Enable the BPDU interface controls under the spanning tree interface policy.
- D. Bind the spanning tree policy to the switch policy group.
- E. Map VLAN range to MAT instance number.
