## H19-401\_V2.0 Guaranteed Passing, Valid H19-401\_V2.0 Exam Materials

It is our company that can provide you with special and individual service which includes our H19-401\_V2.0 preparation quiz and good after-sale services. Our experts will check whether there is an update on the question bank every day, so you needn't worry about the accuracy of H19-401\_V2.0 study materials. If there is an update system, we will send them to the customer automatically. As is known to all, our H19-401\_V2.0 simulating materials are high pass-rate in this field, that's why we are so famous. If you are still hesitating, our products should be wise choice for you.

## Huawei HCSP-Presales-Campus Network Planning and Design V2.0 Sample Questions (Q11-Q16):

### NEW QUESTION # 11

The VLANIF interface on a Layer 2 network device is usually used as which of the following IP address?

- A. Wired IP address
- B. Service IP address
- C. Interconnection IP address
- D. Management IP address

**Answer: D**

Explanation:

In a typical campus hierarchy, a Layer 2 switch does not perform routing for user traffic. Therefore, its VLANIF interface is not used as a default gateway (Service IP). Instead, it is configured with a Management IP address to allow administrators or the iMaster NCE-Campus controller to access the device via SSH, SNMP, or NETCONF for configuration and O & M purposes.

### NEW QUESTION # 12

Which of the following scenarios can Huawei's cloud-managed campus network solution apply to?

- A. Micro store
- B. Hotel
- C. Primary/Secondary school
- D. Shopping mall/Supermarket

**Answer: A,B,C,D**

Explanation:

Huawei's CloudCampus Solution is designed for high scalability and multi-branch management. It is specifically recommended in the V2.0 design guides for:

- \* Retail (A, D): Centralized management of many small, geographically dispersed stores.
- \* Education (B): Simplified O & M for K-12 schools with limited IT staff.
- \* Hospitality (C): Fast deployment and easy guest Wi-Fi management for hotels.

### NEW QUESTION # 13

What are the mandatory components of the SD-WAN Solution?

- A. Controller
- B. CPE
- C. Analyzer
- D. RR

**Answer: A,B,D**

Explanation:

A functional Huawei SD-WAN network requires three fundamental pillars:

- \* CPE (A): The physical or virtual edge device at the branch/HQ.
- \* RR (B): The control plane component that reflects routes between CPEs.
- \* Controller (C): The management plane (iMaster NCE-Campus) for orchestration and policy deployment.

The Analyzer (D) (CampusInsight) is an optional component used for advanced AI-driven O & M and troubleshooting, but it is not strictly required to establish the SD-WAN network itself.

### NEW QUESTION # 14

Switches can be stacked to improve reliability.

- A. False
- B. True

**Answer: B**

Explanation:

Stacking (iStack) is a key reliability technology for the access and aggregation layers. By connecting multiple switches into a single logical unit, the network gains device-level redundancy. If one switch in the stack fails, the other member switches continue to forward traffic. Furthermore, it allows for the use of Inter-device Eth-Trunk (link aggregation across different physical switches), which prevents loops without the need for STP, leading to faster convergence and higher network availability.

### NEW QUESTION # 15

Which of the following views is not one of the three views of iMaster NCE-CampusInsight?

- A. Network health view
- B. Application experience view
- C. User experience view
- D. Terminal health view

**Answer: D**

Explanation:

The iMaster NCE-CampusInsight platform is built around the "Experience-Centric" O & M philosophy, which is categorized into three primary views :

- \* Network Health View (B): Monitors the overall stability and performance of switches and APs.
- \* User Experience View (C): Tracks individual user journeys (connection, authentication, roaming).
- \* Application Experience View (A): Analyzes the quality of specific services like video conferencing or ERP.

While terminal information is available, a "Terminal health view" is not considered one of the three core architectural pillars of the CampusInsight dashboard.

## NEW QUESTION # 16

.....

Huawei Certification exams are essential to move ahead, because being certified professional a well-off career would be in your hand. Huawei is among one of the strong certification provider, who provides massively rewarding pathways with a plenty of work opportunities to you and around the world. But the mystery is quite challenging to pass H19-401\_V2.0 exam unless you have an updated exam material. Thousands of people attempt H19-401\_V2.0 Exam but majorly fails despite of having good professional experience, because only practice and knowledge isn't enough a person needs to go through the exam material designed by Huawei, otherwise there is no escape out of reading. Well, you have landed at the right place; ITexamReview offers your experts designed material which will gauge your understanding of various topics.
