## PRINCE2 P3O Foundation Project Office2013 Exam Sample Questions (Q51-Q56):

### NEW QUESTION # 51

What is used to measure the success of a P3O?

- A. Key Performance Indicators
- B. Complexity modelling
- C. P3O Value Matrix
- D. Principles for extracting value

**Answer: A**

**Explanation:**

The P3O Foundation (2013) manual specifies that Key Performance Indicators (KPIs) are used to measure the success of a P3O. Section 7.3.1 states, "Key Performance Indicators are employed to measure the success of a P3O, assessing its contribution to strategic objectives, risk balance, and benefits realization." This differs from value extraction principles (A), the P3O Value Matrix

(B), which aids design, or complexity modelling (D), which analyzes systems. The 2013 edition highlights KPIs as a quantitative tool to evaluate P3O effectiveness, ensuring accountability and continuous improvement. This supports organizational decision-making and justification.

#### NEW QUESTION # 52

What technique provides the benefit of checking the quality of the decision-support information being provided to the P3O?

- A. Management dashboards
- B. Capacity planning for resource management
- C. Gated reviews
- D. Business process swimlanes

**Answer: C**

Explanation:

Gated reviews provide the benefit of checking the quality of decision-support information, according to the P3O Foundation (2013) manual. Section 7.3.2 states, "Gated reviews offer an independent assessment to verify the quality and reliability of information used for P3O decision-making, ensuring governance standards are met." This contrasts with business process swimlanes (B), which map processes, capacity planning (C), which manages resources, and management dashboards (D), which visualize data. The 2013 edition highlights gated reviews as a key assurance technique, supporting P3O's role in maintaining high-quality decision support. This process enhances strategic alignment and risk management.

#### NEW QUESTION # 53

Which is a purpose of the Head of P3O role?

- A. Ensure the organization carries out the role of 'Informed Customer'
- B. Provide a consultancy service to Programme and Project Managers
- C. Ensure alignment with wider policy and strategic initiatives
- D. Facilitate the development of an optimized portfolio

**Answer: C**

Explanation:

The Head of P3O role, as defined in the P3O Foundation (2013) manual, primarily ensures alignment with wider policy and strategic initiatives, making it a strategic oversight function. Section 3.5.2 specifies, "The Head of P3O is responsible for ensuring that the P3O model aligns with the organization's strategic objectives and policy framework." This involves overseeing the P3O's structure and ensuring it supports the broader organizational strategy, rather than directly providing consultancy (A), facilitating portfolio optimization (B), or acting as an 'Informed Customer' (D), which are more specific to other roles like the Portfolio Analyst or P3O Sponsor. The 2013 edition underscores this strategic alignment as the core purpose, enabling the Head of P3O to guide the model's evolution and integration with corporate governance. This focus ensures the P3O delivers value by supporting the right change initiatives.

Reference: P3O Foundation (2013) manual, Section 3.5.2, AXELOS.

#### NEW QUESTION # 54

Which is a section of the Blueprint?

- A. Information portal
- B. Business process swimlanes
- C. Processes (including operational costs and performance levels)
- D. Vision Statement

**Answer: D**

Explanation:

The P3O Foundation (2013) manual identifies the Vision Statement as a section of the Blueprint. Section 4.3.3 states, "The Blueprint includes a Vision Statement that outlines the desired future state of the P3O model, guiding its

development and implementation." This differs from business process swimlanes (A), which are tools, information portals (B), which are delivery mechanisms, and processes (D), which are detailed operational elements. The 2013 edition emphasizes the Vision Statement's role in setting strategic direction within the Blueprint, a key implementation document. This ensures alignment with organizational goals throughout the P3O lifecycle.

#### NEW QUESTION # 55

Which of the following are recommended for the implementation of a P3O model?

1. Follow a recognized programme or project methodology
2. Define a budget and associated timescales to deliver
3. Appoint a P3O Sponsor
4. Use a programme approach to implement a single office P3O staffed by one individual

- A. 2,3,4
- B. 1,2,4
- C. 1,2,3
- D. 1,3,4

**Answer: C**

Explanation:

The P3O Foundation (2013) manual recommends following a recognized methodology, defining a budget and timescales, and appointing a P3O Sponsor for implementation. Section 4.2.1 states, "Implementation should follow a recognized programme or project methodology, include a defined budget and timescales, and involve appointing a P3O Sponsor to provide leadership." However, using a programme approach for a single- office P3O staffed by one individual (4) is not recommended due to scalability and governance issues. The

2013 edition emphasizes a structured approach to ensure success, with the Sponsor driving strategic alignment and methodology providing a framework. Options B, C, and D include the impractical fourth element, making A the correct choice for a robust implementation process.
