Salesforce AP-213 Free Exam Dumps | AP-213 Cost Effective Dumps

Our AP-213 study materials include all the qualification tests in recent years, as well as corresponding supporting materials. Such a huge amount of database can greatly satisfy users' learning needs. Not enough valid AP-213 learning materials, will bring many inconvenience to the user, such as delay learning progress, reduce the learning efficiency eventually lead to the user's study achievement was not significant, these are not conducive to the user pass exam, therefore, in order to solve these problems, our AP-213 Study Materials will do a complete summarize and precision of summary analysis.

Salesforce Manufacturing Cloud Accredited Professional Sample Questions (Q105-Q110):

NEW QUESTION # 105

Universal Containers (UC) wants to enrich the warranty claims experience for partners and distributors. UC wants its partners and distributors to submit warranty claims and closely track their status from the Manufacturing Experience Cloud site. Which standard object captures Type, Reason, and Account information?

- A. Claim
- B. Claim Participant
- C. Claim Item

Answer: A

Explanation:

The standard object that captures Type, Reason, and Account information for warranty claims is Claim. A Claim record represents

a request made by a partner, dealer, or distributor to the manufacturer to repair, replace, or provide a refund for a defective asset¹. The Claim object has fields such as Claim Type, Claim Reason, and Account Name that store this information². NEW QUESTION # 106

Which three conditions need to be fulfilled so that an order is included in the Actuals calculation process on a Sales Agreement?

- A. The date in the Order Date field should be in the future.
- B. The order needs to have Category = Activated.
- C. The Sales Agreement field needs to be populated on the Order.
- D. The order needs to have Status = Activated.
- E. The date in the Order Date field should be in the past.

Answer: C,D,E

Explanation:

<https://www.salesforce.com/products/manufacturing-cloud/overview/>

Actuals are the quantities of products that have been fulfilled or shipped to the customer as part of a sales agreement¹.

Manufacturing Cloud calculates actuals based on orders that are associated with a sales agreement². For an order to be included in the actuals calculation process, the following three conditions need to be fulfilled³:

The order needs to have Status = Activated. Only activated orders are considered for actuals calculation. Draft orders are not included.

The date in the Order Date field should be in the past. Only orders with a start date that is on or before the current date are considered for actuals calculation. Future orders are not included.

The Sales Agreement field needs to be populated on the order. Only orders that have a reference to a sales agreement record are considered for actuals calculation. Orders that are not linked to a sales agreement are not included.

NEW QUESTION # 107

At universal containers some Manufacturing cloud users have 'Delete sales agreement' profile permission.

Which two statements are correct about that permission and the entitled users ability to delete sales agreements?

- A. Account owners will see the 'Delete' option on the sales agreements record header
- B. Only sales agreements with no associated products can be deleted
- C. Only these user will see the 'Delete' option on the sales agreement record header
- D. Only non-active sales agreements can be deleted
- E. Sales agreements with any status can be deleted

Answer: C,E

Explanation:

According to the Salesforce Manufacturing Cloud documentation, the 'Delete sales agreement' profile permission allows users to delete an active, approved, canceled, or expired sales agreement. However, they can only delete a sales agreement if it doesn't have any active orders associated with it. Only users with this permission will see the 'Delete' option on the sales agreement record header. Account owners or other users without this permission will not see the 'Delete' option. The status of the sales agreement does not affect the ability to delete it, as long as there are no active orders¹. References: 1: Delete a Sales Agreement - Salesforce

NEW QUESTION # 108

Where would a consolidated view of all of the terms of a sales agreement, including the duration, products, price, planned quantities, and actual quantities be found?

- A. Account Based Forecast in Manufacturing Cloud
- B. Account Manager Targets in Manufacturing Cloud
- C. Sales Agreement in Manufacturing Cloud
- D. Contracts in Manufacturing Cloud
- E. Rebate Management in Manufacturing Cloud

Answer: C

Explanation:

A sales agreement in Manufacturing Cloud represents a long-term agreement between a buyer and a seller to negotiate price and volume of products¹. It provides a consolidated view of all the terms of the agreement, including the duration, products, price, planned quantities, and actual quantities². A sales agreement can be created from an external source, such as a quote, opportunity, or custom object³. A sales agreement can also be used to create accurate account forecasts based on the planned and actual quantities⁴. NEW QUESTION # 109

Universal Containers has multiple active Sales Agreements for the current quarter of their top tier Customer.

Each agreement contains Product A. Via manual API upload, a new order containing Product A comes in for the current quarter.

Which Sales Agreement will this new order be linked to?

- A. The Sales Agreement that was selected by custom logic will be linked to the order.
- B. The Sales Agreement that was activated last will be linked to the order.
- C. The Sales Agreement that was activated first will be linked to the order.
- D. The Sales Agreement can only be linked manually to the order.

Answer: A

Explanation:

When multiple active sales agreements contain the same product for the same account and time period, you can use custom logic to determine which sales agreement to link the order to. You can use the Sales Agreement Order Linking Apex class to implement your custom logic and override the default behavior of linking the order to the sales agreement that was activated last¹.
